BRZ-4L

Featuring 4 Ultra HD 4K Outputs for Video Walls

The BRZ-4L player brings to any business an affordable way to have large-scale visual impact with the simplicity of a single media player that doubles as a video wall controller.

Benefits of Breeze™Digital Signage Software   Enjoy cloud-based software, software support and everything you need to keep your digital system running for years. Software updates are included with our Service Level Agreement (SLA) Subscriptions.

Contributing digital signage content to the Breeze™Digital Signage players is easily made into a group task with an unlimited amount of software users. Each user can securely access just the software tools relevant to their process while administrators retain system-wide transparency.
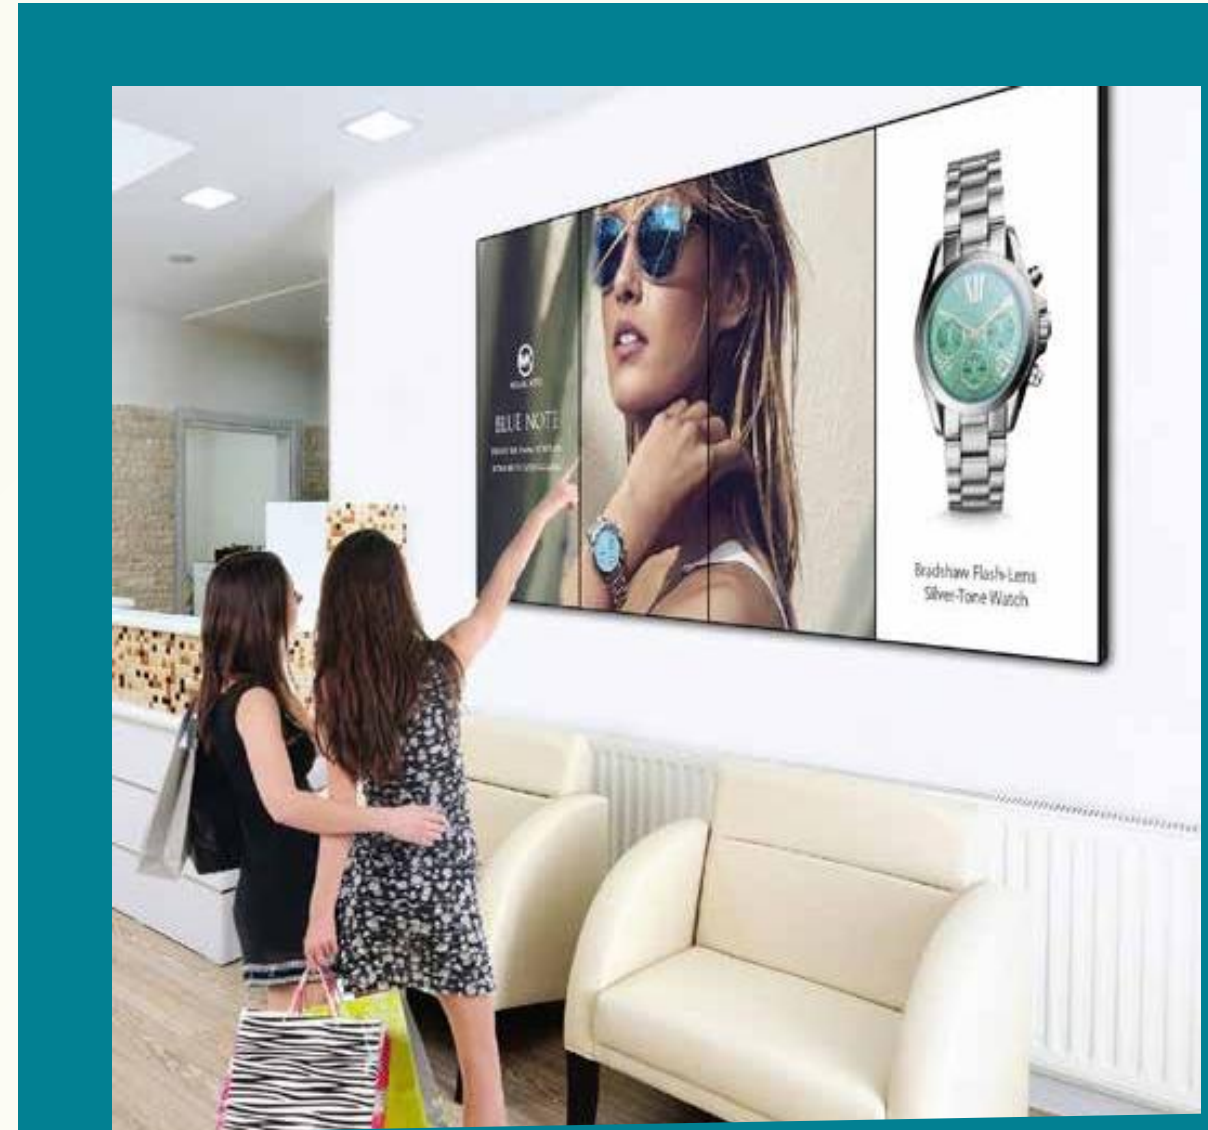

Unlimited Zones to Showcase Your Media   Your audience can get all the information they need at a glance. Breeze™Digital Signage Software provides an unlimited number of zones -- areas displaying independent media sequences -- on the screen.

High-Quality Media Viewing for Videos, Graphics, RSS Feeds, HLS Streaming   A robust variety of widgets easily integrate breaking news, current events or priority content. Integration of the Common Alerting Protocol (CAP) and compliance with FEMA's IPAWS-OPEN standard allows Breeze™Digital Signage players to automatically discover and display emergency alerts. Features like instant publishing and metadata make managing the Breeze™Digital Signage system as easy as a day at the beach.

The Perfect Hardware Package
• Small Form Factor
• Noiseless, Fanless, Solid-State Design
• 4-head HDMI card supports 4 Ultra HD 4K Outputs
• Mounting Bracket Included

Safe and Secure Breeze™Digital Signage players have been designed with encrypted data communications to keep you secure. Client-to-server, server-to-player, and server-to-feed-server communications are all encrypted using SSL/TLS technology.
