INCARNATION CAMP

Over a century of camping excellence and rich traditions brings both CAMPERS AND STAFF BACK YEAR AFTER YEAR. OUR SUMMER EXPERIENCE FOSTERS INDEPENDENCE, SELF-CONFIDENCE, AND NEW FRIENDSHIPS, BUT MOST OF ALL, IT'S AN OPPORTUNITY FOR KIDS TO BE KIDS!

Sherwood Fiel

THE ARTS

Campers have the opportunity to explore their creative side in our Arts & Crafts program, located in our studios overlooking beautiful Bushy Hill Lake. They can visit the Art Barn in either free time or as an elective lesson period

Campers work on arts and crafts projects in a warm, accepting atmosphere filled with friends. Trained adults and collegiate-level artists instruct a variety of workshops in our fully equipped studios. Jewelry, woodwork, pottery & ceramics, drawing, painting, tie-dve and candle making are just some of the workshops campers can enjoy.

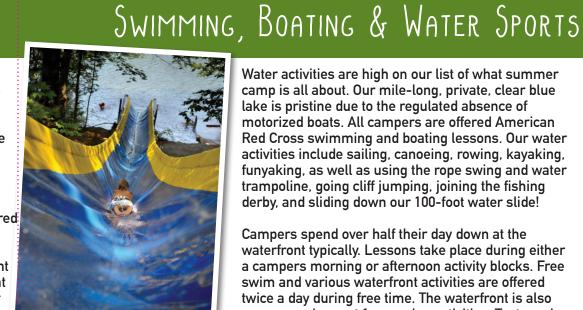

Performance arts are also an exciting part of our camp program. Campers can sign up for acoustic musical instrument lessons where they can hone skills and choose to join a performance. Campers can learn to play ukulele, guitar, percussion or keyboard, Songs from our Green Room are always a highlight of the summer! For those who love to be on stage the Gaslight Theater is the place to be. Our new Dance class and weekly skits presented at Chapel encourage campers to explore their creative side in front of an audience with the help of our

HIKING AND CAMPING

While at camp we aim to take advantage of everything that our stunning 740-acre property has to offer during the summer months. This includes letting campers explore our myriad of hiking trails around the property, and our various purpose made campsites located around the lake.

Incarnation Camp campers will experience an "overnight" each session, which involves a hike around the lake to a designated cook site and covered sleeping area. Campers learn camping skills, assisting their counselors with the set up of the campsite and the cooking of meals. These Overnight experiences are fondly looked back on as important growth and maturing experiences from our former campers and staff.

Day & overnight trips are also an exciting aspect of camp life. Incarnation Camp campers may have the opportunity to spend a day at the local beach (Hammonasset State Park) or canoe on the Connecticut River, spending the night at Gillette Castle state park.

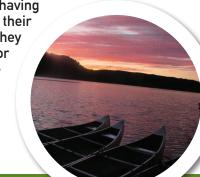

Water activities are high on our list of what summer camp is all about. Our mile-long, private, clear blue lake is pristine due to the regulated absence of motorized boats. All campers are offered American Red Cross swimming and boating lessons. Our water activities include sailing, canoeing, rowing, kayaking, funyaking, as well as using the rope swing and water trampoline, going cliff jumping, joining the fishing derby, and sliding down our 100-foot water slide!

Campers spend over half their day down at the waterfront typically. Lessons take place during either a campers morning or afternoon activity blocks. Free swim and various waterfront activities are offered twice a day during free time. The waterfront is also a very popular spot for evening activities. Tents and units will often utilize the lake for some fun bonding time, whether that be having

everybody scream out their favorite ice cream as they go off the water slide or enjoying hot chocolate and watching the sun go down on the dock.

SPORTS

INCARNATION CAMP FOR GIRLS & BOYS

Our flagship program is designed to engage campers (ages 7-13) through nurturing their physical and emotional growth and development, providing recreational and environmental education, and facilitating fellowship in new friendships. Boys' and Girls' programs run independently of each other with joint meal times and special co-ed programming throughout the day.

We are proud to offer this authentic camp experience for all of our campers. The core of this feeling is in our accommodations, in the form of platform tents housing camper bunks set back in the beautiful 700-acre woodland. Indoor plumbing and hot running water are provided in unit specific wash houses located within unit boundaries for each age group.

Tents are part of the true American camp experience and we pride ourselves on offering a traditional feel for all of our campers. The magic of the outdoors and the connection Cedar Swamp made with the natural world cannot be replicated anywhere else. Living in the woods for weeks at a time with only canvas between you and the elements is a life-defining adventure.

PIONEER VILLAGE FOR TEENS

Pioneer Village offers two 4-week programs for boys and girls ages 14 and 15 that introduce campers to more advanced camping skills while providing them with some real adventure. Leadership and personal responsibility are at the core of this program.

Campers learn to cook over open fires and work in teams as they plan and prepare for adventure treks. Campers also have fun swimming, boating, and participating in a wide range of traditional, and contemporary camp activities. Separate boys' and girls' units house teens in platform tents with separate bathing facilities.

Other past exciting activities that Pioneer Village campers have the option to experience include SCUBA lessons, rock

our staff to come up with fresh, new ideas, which have brought such hits as Harry Potter Day, Board Game Day, Toy Story Day, and our all-camp Treasure Hunt. Each session also brings a unique Unit Day, in which staff works together to bring a unit to life based on a theme, ranging from Princess Day to Hunger Games, Boot Camp to Jurassic Park. These days are often a highlight of a camper's experience.

In the spirit of the traditional camp experience, our sporting and

active offerings include Basketball, Archery, Soccer, Tennis, GaGa,

Dodgeball, Baseball, Roller Hockey, Volleyball, and much, much more!

In addition to our traditional offerings, we like to use the creativity of

PIONEER VILLAGE TRIPS

Teenagers in Pioneer Village have the unique opportunity to participate in our five-day adventure treks off-site. Campers work in teams as they plan and prepare for hiking trips on the Appalachian Trail, bike trips throughout New England or canoe trips on the Connecticut River.

These adventurous treks challenge teens to test their limits and develop new skills. Many teens feel that these treks are the cornerstones of their camp friendships and often look back on them fondly years later. Accompanied by highly trained staff, campers are given the freedom to discover themselves in a safe environment

The Farm

Campers love to visit The Farm, which is always growing and changing. Our year-round farm is home to a variety of friendly animals such as donkeys, llamas, goats, pigs, chickens, and more.

While in attendance, campers have the opportunity to leisurely visit the farm during free time periods, or to join in Farmhand workshops as one of their weekly elective classes. During farm time campers learn to feed, groom and care for the various animals on the property. Llama trekking around the camp has become a camper favorite in all age groups. Sometimes the goats even enjoy cooling off in the lake!

Nestled in the woods, our "low ropes" course uses a series of elements to develop teamwork, interdependence, and trust. Campers are also tested on their problem-solving and decisionmaking abilities. Some of our low rope elements include; Spider's web, Bouldering wall, Tire swing challenge, Whale watch, and many

Our "high ropes" course develops campers' willingness to stretch themselves beyond self-perceived limits, set and reach higher goals, and improve self-confidence. All activities are based on the concept of "challenge by choice". Some of our popular high rope elements involve a team climbing wall, rope bridge, and of course our 100-foot zip-line!
