welcome.

Major congratulations on your recent engagement! i'm so honoured that you're considering having me spend your wedding day along side you! Wedding photography is a lot of thing, but mostly, it is an investment into your memories. When the wonderful day is done, the cake eaten, the dress hung, you are left as newlyweds with your wedding photographs.

Spend some time reviewing this guide, and after reading it, if you think we would be a good match for each other, drop me an email and we can arrange to meet up over a coffee, or a phone call, to discvuss your wedding and your vision!

About Tabitha.

I am a fine art wedding and portrait photographer from England. I've been interested in photography since a very young age (I used to borrow my dad's camera to take pictures of flowers in the gardens of stately homes) and I trained with a professional commercial photographer for 3 years. I consider myself to be very fortunate, being able to do what I love every single day, but when I'm not behind the lens, you will find me snuggled up on the sofa with my husband and two cats, watching the cooking channel or walking through the country with my gorgeous puppy.
