August 11, 2014 · 🌐

The Foundation has reached a milestone achievement. Including the most recent grants, we have now distributed 80 grants totaling over one-quarter million dollars since January 2013. We are very happy to have helped provide support so many worthy causes and look forward to continuing to do so in the years ahead.

New Mexico Steam Locomotive & Railway Historical Society \$ 7,500

The group is restoring Atchison, Topeka & Santa Fe 4-8-4 steam locomotive No. 2926 to running condition—an Albuquerque landmark of historical value. The project began in 2000 and is expected to be completed by 2016. The locomotive will be used to provide not-for-profit excursions in New Mexico in celebration of railroad heritage. The grant is for a portion of the cost of fabricating a modernized version of a brake stand subsystem to meet FRA certification.
