Pop Up Wedding

All of the memories at a fraction of the cost.

Celebrate your love alongside friends & family with an intimate 2 hour wedding, planned from start to finish by Southern Skies, with areas to add personal touches. All aspects of a full wedding are provided without the stress, time or cost.

How it Works

We plan one event where up to three couples can host an incredible wedding for their guests in a single day.

We choose the venue, date, decor & vendors. You answer a few quick questions, choose your outfit, your guest list & show up to say I Do!

You and up to 30 guests have the venue all to yourselves for 2 hours:

1

Pick the date with the design board that fits your unique style

2

Get your hair & makeup done onsite

3

Recite your vows in an intimate ceremony

4

Enjoy a First Dance, Cake Cutting, Champagne Toast, and Sweet Treats for your guests
