FREQUENTLY Asked Questions

When do I need to finalize my linens?

Your linen count and color must be finalized 30 days prior to your wedding date to avoid late deliveries. We cannot guarantee on time shipping if linen selection is made after that 30 day mark.

Will The Eloise set up the linens?

Absolutely! You got them through us and we will take care of setting them on your tables and taking them off at the end of the night.

How are the napkins displayed?

The napkins are folded in a tri-fold pattern. At this time, we don't offer another option.

What if there are additional charges for laundering linens due to staining?

If there are stains to the lines that cause additional charges, we will notify you and discuss reimbursement. Your damage deposit will be used in this instance.

Can we mix and match colors?

Absolutely! There is a section on our ordering form for you to indicate which color linen you want for each table.

Are the linens floor length?

Yes they are.

Do the linens come pressed?

The linens are pressed and steamed to remove hard crease lines. There may be subtle lines in the linens due to packaging them for delivery.

FREQUENTLY Asked Questions

What color options are included in the pricing?

The pricing includes the following colors: white, ivory, tan, black, burgundy, navy and silver. Please inquire with us if you are looking for a different color. Additional fees will apply.
