I was impressed with the course overall. Coming in with no particular expectations (other than to Level Up), I found that it surpassed all my anticipations in terms of what I had hoped to gain. Thank you, AC! I'm proud to be associated with AC and the world of franchising!

I found the Accelerator program to be incredibly valuable and well-structured. The content was comprehensive, and Stephanie was very knowledgeable and supportive. The practical exercises, group discussions and real-world applications greatly enhanced my learning experience. The toolkits shared are a big value add that will help me excel in my field. I highly recommend this program to anyone looking to advance their career.

Their ability to distill complex concepts into actionable insights, coupled with unwavering support and encouragement have truly empowered me to grow. As I reflect on the transformative experience I am filled with excitement for the opportunities that lie ahead. This has ignited a passion within me to make a positive impact through business coaching, and I am deeply grateful for the wisdom and inspiration I have received.. I now have so many more tools to use, and a new found confidence in appreciating my own boundaries and sharing my knowledge. I am eager to apply the lessons learned as I continue my Franchise Business Coach journey.

It doesn't matter if you are an experienced franchise exec, or just starting on your journey, the Accelerator program is both an excellent launch point to accompany early training and an effective and comprehensive way to solidify skills already developed through years of practice. The curriculum is extensive and holds great value, both in soft skills development for working with others & personal development working on your own awareness of habits and approach to coaching. Coupled with the technical coaching and strategic development tools provided, it's hard to see an internal training that would hold this much practical value. I put members from 4 different departments through this training, from Operations, Fran Dev, Training, & Management... all had different perspectives, but it brought value and alignment to our departments on how we'll move forward as a team with one goal... Franchise Coaching Excellence!
