

THE BLEDSOES

WEDDING PHOTOGRAPHY

*Tips for Choosing
your Perfect
Wedding Photographer*

Budget

When choosing a wedding photographer, your first consideration should be your budget. Our average client books with us for \$3,500.00 plus tax.

The average in Texas for wedding photography is between \$3,000 to \$5,000 and what that includes can vary.

Style

Every photographer has a unique shooting and editing style. We love delivering bright, airy, classic, and romantic photos to our clients. You want the photos that are taken of your day to be something you will show your grandchildren, not just a passing editing trend you might later regret.

Coverage

Be sure to book a photographer who offers the right amount of wedding coverage for your day. Are you having an elopement or a large party with travel between venues? Do they include one or two photographers? We meet with each of our clients in person to understand their wedding day and determine just the right amount of coverage. We also go over what a wedding day entails for us, so there are no surprises on your wedding day. We want you to focus on you and yours, not on where or what your photographer is doing.

Experience / Portfolio

All photographers have varying levels of experience. The Bledsoes Photography has wedding day experience in different wedding situations (bright light, rainy day) and we are sure to show our clients full wedding day galleries detailing exactly what previous clients recieved from us.

Referrals

Don't be afraid to ask for references from your photographer. We absolutely love showing what our past clients' experiances were like and how they felt about their wedding photography process. We are so honored to not only be able to call them past clients, but friends as well!

Personality

You will be spending more time with your photographer on your wedding day than your signifiant other! It is so important to find a photographer what you mesh with for your wedding day as you will be working with them quite closely from booking until the big day. We pride ourselves on a fun attitude that lends to genuine smiles and moments from our clients!

We hope these tips will help you in your search for your wedding photographer (and we hope to be a great fit for you and yours). Be sure to give us a shout if you have any questions, concerns, or would like to book a consultation.

WITH LOVE,

Richard and Michelle
