# THINGS TO KNOW

## DIGITAL AND FILM

### DOCUMENTATION

**I am analog photography forward.**

**All of my packages have 35mm film built into the price. But don't worry, I will always shoot digital in tandem, and you can add additional rolls of 35mm or medium format film under my 'add ons' section.**

## PRE-BUILT SOCIAL MEDIA

### CAROUSELS

**Something I often hear from clients is that they get overwhelmed by their gallery and cannot choose what to post (in a good way!) I am obviously a huge fan of aesthetics, and cohesive curation.**

**So I've recently added a section of "pre-built social media carousels" to all client galleries. Essentially I organize some of my favorites from the photo session into organized slides with my preferred flow. There will be a couple options for you, however you are by no means obligated to use any of these at any time! It's simply an added perk.**

## couples sessions

We can trek out to a dramatic view,  
cozy-up in your living room, grab ice cream,  
or reminisce at your favorite park. Get  
creative, these photos should  
serve as memories just as much  
as documentation.

i like to think of these options as:

*the living room package*

*the neighborhood package*

*the destination package*

I'M DEDICATED TO ARTISTIC STORYTELLING.  
THE DOCUMENTATION OF YOU SHOULD FEEL GENUINE.
