01. INQUIRY

All inquiries begin with a questionnaire to give us general information about the style and mood of your event. After we receive your form, we'll create an initial proposal based on your design needs. Complimentary phone consultations are available upon request to discuss project scope or timeline.

03. DESIGN

The design phase takes about 2 to 4 weeks depending on the complexity of the designs. You will receive a digital mock-up with 3 rounds of revisions already included in the pricing. Once perfected, we will send you a final mock-up of your approved changes prior to production.

05. DESIGN

When your order is ready to ship, we'll notify you via email and include the final invoice for the remaining balance. All orders are shipped with FedEx (with signature required) unless otherwise specified.

02. ESTIMATE + CONTRACT

If you decide to move forward after reviewing your customized quote, a signed design contract and a nonrefundable retainer fee (50% deposit) is required to officially begin the design phase and lock your project into our production calendar. We do not begin any design work until both the contract and deposit are received.

04. PRODUCTION

Once production starts, we kindly ask that no adjustments be made to avoid additional charges or delay in the delivery. Our estimated turnaround time is 6-8 weeks for bespoke invitations and up to 3 weeks for day-of signage. This is a general timeline and may vary depending on printing processes, revisions and our current workload.

PROCESS

CUSTOM STATIONERY PACKAGES

PRICING BASED ON QUANTITIES FOR GUEST COUNT OF 100

SAVE THE DATE PACKAGES

STARTING AT \$895

- Save the Date
- Digitally printed envelope addressing
- Custom envelope liner
