THE WEDDING EXPERIENCE

WELCOME

First — congratulations. You're stepping into one of the most meaningful seasons of your life.

You're likely excited, overwhelmed, or somewhere in between, and that's completely normal. Weddings hold a lot of emotions, expectations, and a thousand moving pieces.

Photography shouldn't be another source of stress.

I've seen how quickly wedding days move, and I know how to preserve what matters most within that pace.

My role isn't just to take beautiful images.

It's to protect your memories.

To protect your timeline.

To protect your peace.

You deserve to feel present on your wedding day — not rushed, not staged, and not managing chaos.

When we work together, I guide when needed, step back when it matters, and document your day with intention and care.

This should feel like the easiest decision you make.

And if we're aligned — it will be.

THE EXPERIENCE

Your wedding day is layered — emotional, fast-moving, and deeply personal. The experience of it matters just as much as the images themselves.

I guide when needed and step back when it matters, allowing moments to unfold naturally rather than forcing them. I pay close attention to light, timing, and the emotional rhythm of your day so everything feels intentional — never rushed.

I communicate clearly and work seamlessly with your planner and vendors so you don't have to think about what's next.

Most importantly, I want you to feel present.

The experience should feel calm. Supported. Effortless.

The result is imagery that feels timeless — not because it was perfectly staged, but because it was fully lived.

THE PROCESS

Working together is clear, intentional, and thoughtfully guided from the start.

Before Your Wedding

Once you're booked, you'll receive a roadmap outlining what to expect. We'll plan your engagement session and shape a timeline around your priorities so your wedding day unfolds naturally.

The Wedding Day

I arrive prepared and attentive. Portraits are efficient, family formals organized, and candid moments preserved naturally. I work seamlessly with your planner and vendor team to ensure the day flows smoothly so you can stay present.

After the Celebration

Within days, you'll receive a curated preview, with your full gallery delivered within 8-10 weeks. From there, heirloom albums and fine art prints are available to preserve your memories beautifully.

The moments you planned - and the ones you didn't.

PLANNING & BOOKING QUESTIONS

✦ How far in advance should we book?

Most couples reserve their date 9-18 months in advance, especially for popular seasons. I always recommend reaching out as soon as your date is set.

✦ How do we officially reserve our date?

I love to begin with a call to hear more about your wedding plans and answer any questions. After our conversation, I'll send a custom proposal tailored to you. Once the agreement is signed and the 30% retainer is received, your date is officially reserved.

✦ What does the payment schedule look like?

A 30% retainer is required to reserve your wedding date, with the remaining balance due 14 days before the wedding. If a custom payment schedule would make things easier, I'm always happy to arrange one.

✦ What happens after we book?

You'll receive a welcome packet with additional details and a full timeline outlining everything from booking to gallery delivery. From there, we'll begin planning your engagement session and the early details of your wedding photography.

✦ Do you travel for weddings?

Absolutely. Travel within 60 miles is included. A small travel fee may apply for locations beyond that distance.

✦ Do you require hotel accommodations?

For weddings that involve significant travel or end late in the evening, overnight accommodations may be requested to ensure I'm fully prepared for your wedding day.

DURING & AFTER THE WEDDING

✦ How will we receive our photos?

Your photos are delivered through a beautiful online gallery with unlimited high-resolution downloads, making it easy to view, share, and revisit your images anytime.

✦ Do you offer prints?

Yes! You can order prints, cards, canvases, and more directly from your gallery. Everything is professionally printed through a trusted, color-calibrated lab for rich, true-to-life results.

✦ How many images will we receive?

Rather than limiting your gallery to a specific number, I carefully curate the final images to tell the full story of your day. Most couples receive 500+ photographs from a full wedding.

✦ How long until we receive photos?

You'll receive a sneak peek shortly after the wedding so you can relive the first moments right away. Your full gallery is then carefully curated and delivered within 8-10 weeks.

✦ How are images edited?

Every image is hand-edited and carefully retouched to remove distractions so nothing pulls focus from your story. The result is imagery that feels effortless, timeless, and unmistakably you.

✦ Will my photos be shared online?

Some sessions may be shared on my website or social media, but your comfort always comes first. If you'd prefer your images remain private, just let me know — your preference is honored.

Meet the Photographer

Part guide. Part hype woman. All heart.

Hi! I'm Rebecca — lover of life, connection, and all the little things that make it beautiful. I believe every story deserves to be remembered.

To me, photography isn't about stiff poses or forced smiles. It's about *presence* — laughter, tenderness, and those moments you *feel*, even if you don't always remember them.

I show up with energy, intention, and creativity because I care about the experience just as much as the final images.

Behind the camera, I'm a creative nerd with a heart for people. I love a good video game and night out with the girls.

More than anything, I want you to feel safe, celebrated, and completely yourself — because isn't that what we all deserve?

Let's make something beautiful together.

Hope to work
