MORE Praise For Our Peel 🍊

[Allure editors](#) are drinking up our new Yuzu Lemonade Peel:

*“[The peel] may sound more like a delicious summertime treat than a skin-care product, but don’t overlook the **beauty benefits** of citrus for your skin. Yuzu — a bright, orange-yellow fruit that’s popular in East Asian cuisine — **imparts an instant glow**, while salicylic acid, lactic acid, and vitamin C (derived from Kakadu plum) **exfoliate and promote cell turnover.**”*

Sneaky Scents ☹️

Not all scents make sense in your skin care—**synthetic fragrances** can have as many as 200 hidden chemicals (👁️), and can cause headaches, dizziness, rashes, vomiting, skin irritation and more.

If a product is all-natural, “fragrance” or “parfum” should be followed by a clarifier (i.e. “100% essential oils”).

Try our naturally honey-scented [Manuka Honey Mask](#).
