** Notes about our Collection **

- * Each pot is individually crafted following techniques used for thousands of years. Our pottery may therefore have variations in color, smudges, size, glaze and kiln firing markings. We believe this is an enhanced characteristic of handmade pottery and no two pots are exactly alike. Kiln crystals, fingerprints, fine cracks, or crazing are not considered defective or affect the integrity of the pottery for its intended use.
- * Our Outdoor and Terra Cotta Collections are frost “resistant” but proper drainage is required to prevent damage during cold temperatures. We recommend Terra Cotta styles be placed in a frost-free, covered area during freezing temperatures. The Pottery Market is not responsible for damage that may occur during inclement or extreme weather.
- * Our Indoor Collection and Accessories are suitable for indoor/outdoor use during warm temperatures but must be brought in from the cold or damage may occur (despite drainage).
