COMPOSITES VS LIGHTS, COLOR & FX

These examples are flash photography with colored lights and fx like smoke and water

COMPOSITES VS LIGHTS, COLOR & FX

These examples are composites, using flash and composition techniques to create different backgrounds. These are great for team banners and creating studio style headshots and portraits.

WHATS THE PROCESS TO GET STARTED?

- Set up a free consultation to discuss team vision and the different packages
- Pick a package, pay the 25% retainer and book a session date through the online scheduler or directly through me
- Information will then be sent to all athletes parents, guiding them through the entire process

AFTER THE SHOOT

- Athletes will receive a link where they can select favorite pictures to be edited
- All finished images will be uploaded to a team gallery where athletes can download, share and order any print projects of interest
