SEND SAVE THE DATES

Your save the dates may or may not coordinate with your invitation suite, and that's okay! Be sure to work with your stationer if you'd like your save the dates to tie in aesthetically with your invites.

SEND INVITATIONS

For a local wedding, 8 weeks prior to the wedding is the perfect amount of time to send invitations. Your guests will be excited to receive a luxury invite, but also not have too much time to forget their reply (or lose your invite)!

RESPONSES DUE

One month prior to the date is when you should expect guests to have their responses sent. Continue to collect responses and send gentle reminders to those who have not replied.
