Android Media Player w/ HDMI Input

BRZ-321

4K HDMI Output with HDCP Compliant HDMI Input

Now you can enjoy the ease and flexibility of Breeze™ Digital Signage Software with the new BRZ-321 Player. This player provides amazing visual performance with Full HD input processing from an external media source and dual decoding of two videos simultaneously for stunning PiP visual experience via HDMI Input.

Benefits of Breeze™ Digital Signage Software   Enjoy cloud-based software, software support and everything you need to keep your digital system running for years. Software updates are included with our Service Level Agreement (SLA) Subscriptions.

Contributing digital signage content to the Breeze™ Digital Signage players is easily made into a group task with an unlimited amount of software users. Each user can securely access just the software tools relevant to their process while administrators retain system-wide transparency.

Unlimited Zones to Showcase Your Media   Your audience can get all the information they need at a glance. Breeze™ Digital Signage Software provides an unlimited number of zones -- areas displaying independent media sequences -- on the screen.

High-Quality Media Viewing for Videos, Graphics, RSS Feeds, HLS Streaming   A robust variety of widgets easily integrate breaking news, current events or priority content. Features like instant publishing and metadata make managing the Breeze™ Digital Signage system as easy as a day at the beach.

The Perfect Hardware Package
- Small Form Factor
- Noiseless, Fanless, Solid-State Design
- Built-In Mounting Bracket
- PiP 720p & 1080p HDCP Compliant HDMI Input

Safe and Secure   Breeze™ Digital Signage players have been designed with encrypted data communications to keep you secure. Client-to-server, server-to-player, and server-to-feed-server communications are all encrypted using SSL/TLS technology. In addition, this player is Independent Watchdog Protected.
