

GIANT ENTERPRISE Product Menu

Introduction

For a number of years, GiANT has been working with (Client Name) to bring about transformation in performance and culture. Using GiANT’s visual toolkit, with 5 Voices at the centre, we have seen improved communication, a deepening of relational trust in our teams and performance breakthroughs. However, the challenge was scaling this to the entire organisation.

We now have an exciting product suite, supported by GiANT’s new and improved platform, that enables us to offer something to everyone. The diagram below gives a brief overview of the various levels of leaders that are referred to in this document.

The GiANT Product Menu outlines the key GiANT offerings available to individuals and teams within (Client Name) and what outcomes you can expect and the cost associated with each item.

Any leader can access any of the items, covering the expense from their budget, at any time. Simply email your “account manager” (becky.barsellotti@giantworldwide.com) to find out more details and begin the process.

This is an exciting opportunity for us to grow as leaders and take our partnership with GiANT to a new level and I do hope you will take advantage of this opportunity.

Exec Team Performance Coaching

L3

L4

What is it?

A strategic partnership with a CEO, Founder or Executive business leader to help them improve their personal leadership effectiveness and tangibly impact the performance of their executive team.

The programme commences with a 3 hour "Discovery Deep Dive" for each team member. This extended time allows us to understand the commercial context and existing relational dynamics of the team. It also allows us to identify the personality wiring of each team member and predict potential areas of synergy and conflict. (3 hours each).

The programme continues with a combination of 1:1 performance coaching, team workshops and a recommended Team retreat.

Team Performance Coaching provides the perfect context to help CEOs confidentially process and successfully overcome live business challenges.

Outcomes:

- Advanced personal development for each member of the senior team. Upgrading their ability to understand and celebrate the super powers each team mate brings to the table.
- Enabling executive teams to collaborate more effectively as they seek to overcome live business challenges and engage with new commercial opportunities.
- Lasting synergy, where the output of the whole is finally greater than the sum of the individual parts.
- Improved performance against the teams agreed KPIs.
