### Silver Needles

Picked at the end of April this long, soft and downy Silver Needle is comprised of the first spring buds of the Da-Bai tea plant. It comes from Fuding, a serene region with icy waterfalls and crystal clear lakes. The peaceful setting is reflected in the flavour - soft and mellow, with the freshness of honeydew melon and the soothing sweetness of ripe cantaloupe. It's light, delicate quenching flavours are underpinned by cucumber and melon which add to its freshness. Yet this tea is surprisingly full in texture and satisfyingly velvety in its finish.

£4.15

### Jasmine Phoenix Dragon Pearls

Poetic in form and fragrance, these stunning pearls produce the most memorable jasmine tea you'll ever taste. Each one is hand-made by rolling tippy green tea into pearls then wrapping each pearl into paper to help maintain the shape. After unwrapping and drying, the tea is set aside until summer when the jasmine comes into season and it is scented five times with fresh, aromatic jasmine flowers. When infused, the pearls unravel and release a beautifully sweet jasmine aroma. Beyond its sensual qualities, green tea is a well-known source of antioxidants. This is a rich jasmine infused tippy green tea with a well rounded velvety texture.
