

ABURA, JOHN

23 YEARS OLD

MAY 2, 2001

Village: Nakapiripirit

Home Church: Naturum Worship Centre

PROFILE

John is the oldest of three siblings. Life has dealt his family an unkind hand. John's father is crippled in lower limbs and John's mother, passed a few years after John's youngest sibling was born. His youngest sibling shortly followed her mother's death, leaving the family devastated. Being John is from the remote area of Karamoja, there was not a known cause of death for either mother or daughter as medical care is not readily available.

Since the passing of his family members, John has been and out of school as he has to juggle between doing odd jobs to earn a living, care for his crippled father, and save some for school.

In 2022, John committed his life to the Lord during a ministry outreach, in their village of Naturum, near Rupa. He has been active in church and has now renewed faith that he can resume school from where he dropped out at.

As of recent John has been hit hard, he became critically sick and was found to have a rare liver disease. Since John was on school campus his illness was caught in time before it took his life. He has been seriously ill in the hospital on the dialysis.

HIGHLIGHTS
