# ABOUT DANIELLE

# MY "WHY"

Is about sharing an experience that

*solidifies how you feel about each other.*

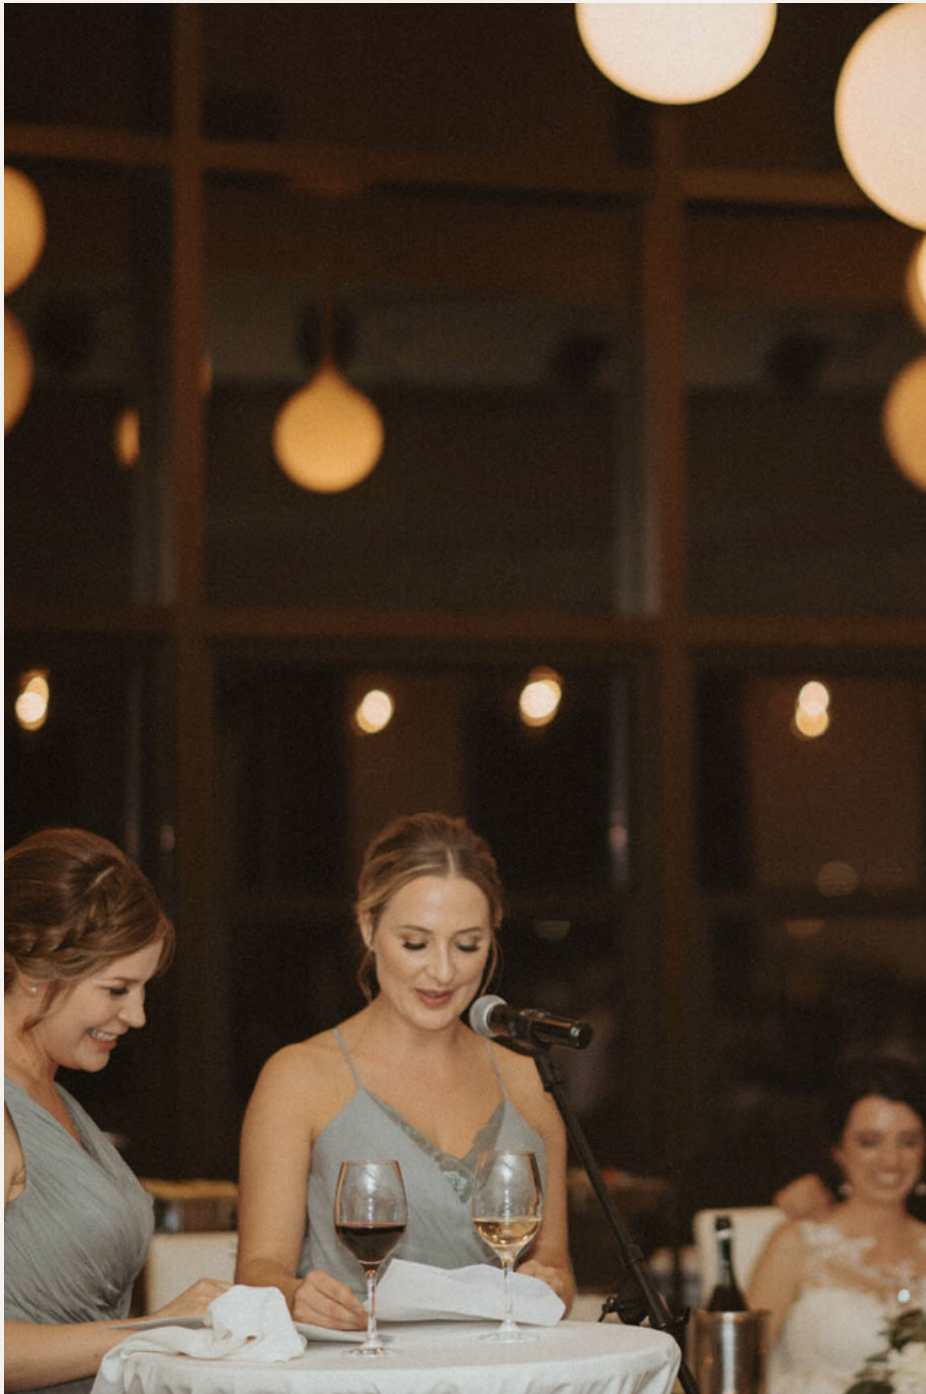

I'm not here to encourage you to follow trends. I've now been in my relationship for 10 years. Which is craaaazy. And it's always in the new, challenging, soul-baring moments that myself and my partner learn about each other, grow together, and end up closer than ever.

I don't want you to settle for what's "good enough". I want to help you expand, say no to what you don't want, HELL YES to that big, beautiful vision you've been dreaming of, and hold space so the two of you can go out and just have the best experience of your freaking lives together.

FREQUENTLY ASKED QUESTIONS

## WHERE ARE YOU LOCATED?

I'm based in Ottawa, Ontario, Canada, but I love to travel and am available worldwide!

## HOW WOULD YOU DESCRIBE YOUR SHOOTING STYLE?

I love candid, motion-fuelled images that showcase you, your connection, and nature. I direct you and guide you through the shoot while letting the two of you hold space for each other to just be yourselves, be goofy, and have fun.

I love letting the light create different moods, and gravitate toward earthy, warm tones and compositions that allow your story to shine through.

## HOW SOON DO WE RECEIVE OUR IMAGES?

I have a sneak peek gallery ready for you within 72 hours. Weddings/elopement final galleries are sent out to you within 8-12 weeks. Couples + engagements are sent out within 3-4 weeks.

If you need your images sooner, I can expedite the process for a one-time Rush Fee.

## HOW MANY PHOTOS DO YOU GIVE US? CAN WE PRINT THEM OURSELVES?

It varies for each wedding/session, but for a full day shooting a wedding /elopement, anywhere from 500-1000, and anywhere from 75-150 for a session. You get a print release with your gallery and can print wherever and whenever you like!

FREQUENTLY ASKED QUESTIONS

## WHAT SHOULD WE KEEP IN MIND WHEN PLANNING OUR WEDDING?

I'm a huge believer that your wedding day should reflect who you are, as individuals and as a couple. I don't encourage you to follow trends. Whether you're having a wedding or an elopement, I want to be a source of help and inspiration for you to plan a completely offbeat, original, "YOU" wedding day. Stay true to who you are as a couple and your day will be amazing!

Before you start booking vendors and trying to create a timeline, think about how you want your wedding day to FEEL:

Do you want something very private, quiet, and laid back? Do you want to go on an adventure? Have a party with family and friends close to home?

Decide what best represents you, your relationship, and your mutual interests. You'll be able to make decisions much more easily once you can visualize your day unfolding in the perfect way for **you**.

## WHAT'S THE DIFFERENCE BETWEEN A WEDDING AND AN ELOPEMENT?

Whether you have 2 guests or 20, you can still call it an elopement. It's about crafting an experience that means something to you, rather than following the traditional rules of what a wedding "should" be and losing sight of your deeper WHY in the process. I've photographed small weddings with 40 guests that had the same vibes and intimacy as a 2 person elopement.

## WHY BOTHER DOING A FIRST LOOK?

A first look on your wedding day is SO amazing and I always recommend them. Even if you're doing a simple elopement, it's such a great way to experience each other without the pressure of the ceremony. If you're having guests at your wedding or elopement, it gives you a few minutes of privacy to hug, kiss, tell each other how amazing you look, exchange gifts, or say a few words to each other in private. If you're having a larger wedding, it also gives you an opportunity to take family + bridal party photos ahead of time to free up time after your ceremony.

## DO YOU DO TRAVEL/DESTINATION WEDDINGS/ELOPEMENTS?

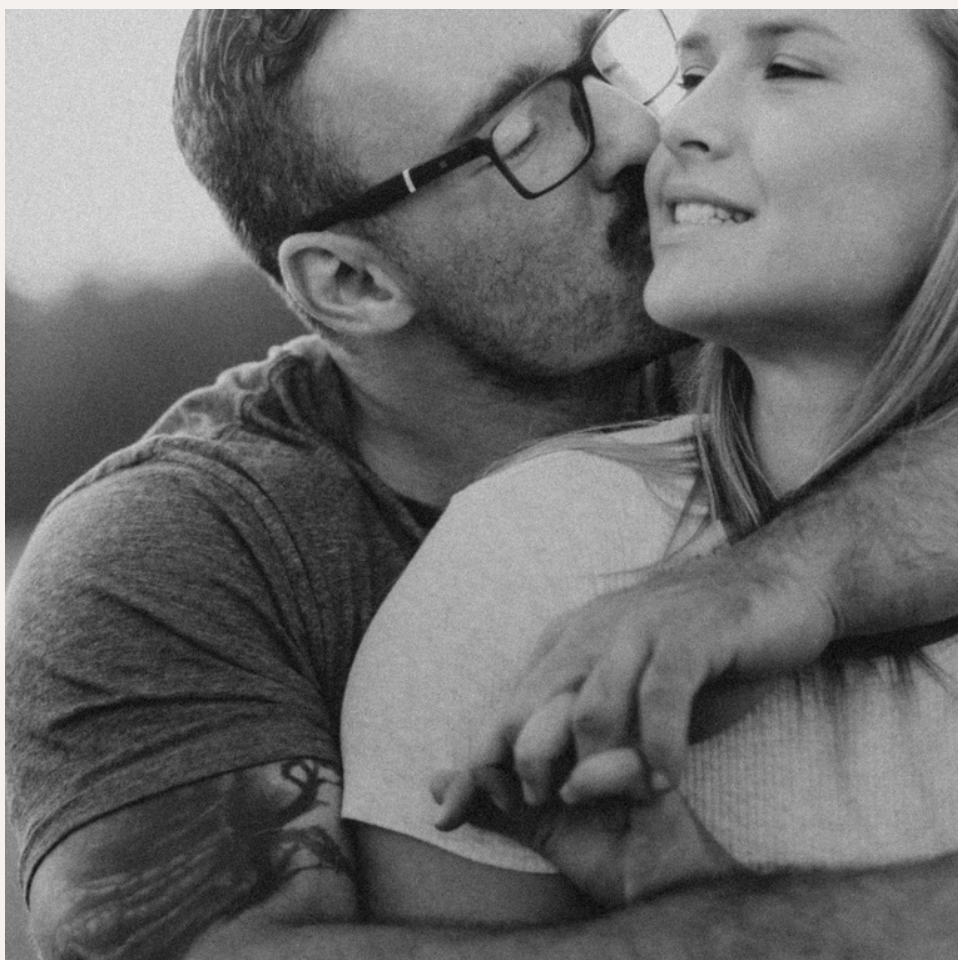

Yes! I love to travel, and while I don't take on many resort destination weddings each year, I LOVE to help you plan dream elopements and small weddings all over the world! Whether you have an idea or concept, or have NO clue where to start, reach out to me and I can help!

## DO YOU POSE US? WE'RE SUPER AWKWARD!

I help direct and prompt you, and guide you into certain movements, but don't "pose" you. I much prefer the fun, fluid, candid images that happen when you're NOT trying to look a certain way. I'll guide you through the entire process, so don't stress about any stray hairs blowing across your face or what to do with your hands!

## WHAT HAPPENS IF THE WEATHER IS BAD/RAINY?

I love to embrace the weather, rainy or not! Some of the most amazing sessions happen just before or after the rain, so as long as you don't mind getting a bit wet, then I cannot recommend them highly enough!

That being said, if it's a crazy lightning storm or anything dangerous, then we can definitely reschedule!

## WHAT DOES THE BOOKING PROCESS LOOK LIKE?

After you reach out via my contact form, I'll shoot you some info, and we set up a time to chat and get to know each other.

When you're ready to book, a 30% non-refundable retainer and a signed contract holds your date, and then I send you more guides and planning resources! The remainder is due one month before your wedding date and two days before your session date.

## CAN WE DO A PAYMENT PLAN?

For sure! 30% is due as a non-refundable retainer to hold your date, but the remainder can be broken down into a payment plan that works for you, and you can pay with a credit card online.

## WHAT DO WE WEAR FOR COUPLES PHOTOS?

Don't stress! I send you my What to Wear Guide, different Pinterest boards with inspo organized by season and style, and will also help you put together flattering, comfortable outfits so you can relax and have a good time!

## CAN WE BRING OUR DOG(S)?

100%! I love dogs and animals, and I think it's a blast to bring them to your session!

Danielle is an incredibly talented photographer. She can turn the most ordinary of scenes into a spectacular photograph, not just in composition and light, but in the way she captures the essence of a moment, the feeling, the truth of each and every person photographed. She somehow captures who people are and their connections to others authentically. This skill makes her more artist than photographer. If you want precious events captured in a way that when you look at your pictures you feel the moment all over again, Danielle is the person for you. On a more personal note Danielle is charming, adventurous, open and genuinely wants to do the best for her clients. You simply cannot go wrong!

A romantic couple is shown in a close embrace, their faces nearly touching. The woman is wearing a white lace dress, and the man is in a white shirt and dark vest. They are standing in a field with tall grass and small flowers. In the background, there is a dense forest of trees with vibrant autumn foliage in shades of orange, yellow, and brown. The overall mood is intimate and serene.
