

## **WATERFURNACE GEOTHERMAL FILTER GUIDE**

# STEP 1: LOCATE UNIT MODEL

Locate your unit's nameplate that contains the model number

Identify your unit's model and size to select the filter below

EXAMPLE  
Model = NDV and  
Size = 064

If your unit has a "1" before  
the D in the serial number,  
you have a special-order filter.  
Call ACES for more information.
