The Boudoir Experience

WHY BOUDOIR

First of all, POP THE CONFETTI! I am so excited for your curiosity and interest in a boudoir shoot! Whether it's gift for your fiance, a fun anniversary, birthday surprise or simply because you need some glamour and self love in this season of your life... Girl, you are in for a treat!

WHAT TO EXPECT

You'll be nervous, I promise! But that's totally okay! Together we can blast your favorite music and spend more time laughing and feeling AMAZING! Soon your nerves will disappear and your inner Goddess will shine.

WHERE

Each boudoir shoot takes place in a private studio located in Santa Clara, Ca. This studio is filled with natural light and decorated with gorgeous timeless furniture. No joke, it's a jaw dropping studio and if you're anything like me you'll wish you could LIVE there!

HOW LONG

Our time together will FLY! Each boudoir shoot is booked for two full hours. This includes plenty of time for chit chats, outfit changes, and just enough time to really have you relax and fall into a groove for photos!

DELIVERY OF PHOTOS

Within two weeks all lightly retouched high resolution digital images will be delivered through a password protected online gallery! With so much attention to detail and lots of posing tricks I never even open up photoshop! With heaps of natural light and confidence in your smile I keep editing to a minimum to let your true beauty shine. Disclaimer: If you wake up with a "My Big Fat Greek Wedding Zit" on your face, I promise to remove those types of blemishes! This includes small bruises or bug bites as well! Don't worry, I got you boo!

Once you have the download link and pin you are welcome to print from home or send to a reputable lab.

LITTLE BLACK BOOKS

These sweet little albums are PERFECT for top drawers! After your gallery is delivered just take some time to select your favorite 15 images and I will create the perfect little black book for you! Gift it to your fiance or keep it for yourself!

REALLY THOUGH, I HAD TO!

How could I encourage my brides + gorgeous friends to pose for me when I've never really experienced the nerve wracking feeling IN FRONT of the camera? Well this year for my 30th Birthday I gifted myself this experience and it was worth every penny! It taught me so much and really impacted how I pose + encourage all of my girls in the studio! Sometimes feeling sexy isn't about taking it all off... just being YOU! Thank you, Ginny Silver for capturing these!

THAT'S WHAT SHE SAID

I'm so grateful for my brides + friends that have invested in their boudoir experience.

Here's a couple of sweet testimonials from my girls!

ALISON

"Iknew I wanted to gift my future hubby a boudoir session, but I was so nervous to just hire a random photographer. Thankfully my friend recommended Quianna and today she is one of my best friends! She instantly made me feel comfortable and before I knew it our shoot was done! Nick is obsessed with the photos from our shoot and I can't thank Quianna enough! I'm so grateful to have these images before babies and years fly by!"

LEANNE

"The minute I stepped into the studio and saw Quianna's smiling face I knew I was in the right place! I love that Quianna captured me in a whole new light! I've never felt so beautiful! Thank you Quianna for creating these timeless moments for my and my husband. He LOVED them!"

MARY ANN

I stepped out of my box and invested in Quianna to capture boudoir photos for my 30th wedding anniversary and I'm SO GLAD I did! Quianna photographed my daughter' boudoir and wedding photos, so I wanted some, too! It's been such a long time since I've been dolled up and felt so beautiful. Thank you, Quianna! I needed this more than my husband!"

READY TO BOOK?

All boudoir shoots are schedule weekday morning to ensure that gorgeous morning glow and it also helps if you're keeping secrets! Dates are available on a first come, first save basis and are dependent on availability on the studio as well as our crazy schedules. The best time to plan your shoot is no less than 4-6 weeks before your wedding!

On a final note, I like to share that I photograph every single image mindful that in case these images get in the wrong hands... flash forward 15 years from now when your children or loved ones come across them on accident, they may be shocked, but NOT want to burn their eyes! I pride myself on showcasing natural, empowering and timeless beauty while keeping it classy and a bit bad assy!
