In January, the Builders were able to get a remarkable amount of framing done. It was exciting to see so much progress happening each day. There is still so much to be done. You can donate to the house project [here](#).

COMING UP

This month, we are looking forward to adding the roof and framing the interior walls. We have really enjoyed getting to know all of the Builders and the fellowship time we've had with them.

LAST MONTH

In February, the new Director's Residence began to look a lot more like a finished house. Due to some late deliveries, we are still waiting on windows and doors, but we are thrilled to see the hard work of the Builders pay off!

COMING UP

Camp Shiloh was hit by a storm that took down 19 trees, 6 power lines, and damaged the roofs of 4 cabins. Thankfully no one was injured. The Builders and other volunteers helped with the initial clean-up, but the damage is about \$45k. Donate [here](#) to help with the clean up!
