FOREVER IN LOVE WITH LAUGHING PHOTOS

the experience

When you book your senior photos with me, it's my personal mission to make your photo shoot one of your favorite senior year memories. Your confidence is going to be off the charts when I'm done with you! The cool thing about a custom photography experience is that you have the time and attention to show the true you. Let's get creative and include the things that light you up. Art supplies? Your horse? Best friend? First car? Favorite records? Pet snake? I'm up for anything!

I'm not just your photographer. I'm your hype girl, personal assistant, and emotional support person. Once you meet me, you'll realize you have nothing to stress about. I'm bubbly and super laid back - and a little bit bossy! I know what I'm doing, so you can trust that I will capture you the way YOU want to be seen.

I have a million ideas and will give you 110% direction when it comes to posing. Show up as your best self, relax, and leave the rest to me. We are going to have so much fun!

A MOM'S HONEST

Review

I have looked at {Myah's session album} closely several times. I wept openly the first time, and each time after, I have teared up again because I have never seen anything so beautiful in my life!

She is such a unique person, and your ability to capture her personality and free spirit in this collection of photos is indescribable!

I can't thank you enough for accommodating us so late in the season, and I will be sure to spread the word to any parents serious about getting quality senior pics that truly capture the essence of their graduate's personality.

You nailed it, and we are beyond satisfied with the results!

-Jeannie, Myah's Mom

HOW WILL I EVER CHOOSE?

OK, this is the hard part - but I am here to help! We will set up your ordering appointment 2-3 weeks after your the photo shoot. You'll come over to see all of your images on the big screen and together we will design your print order to be exactly what you want.

CAN I JUST GET DIGITALS?

We didn't create all these pretty pictures for them to sit on a dusty CD in a drawer. I want you to have beautiful displays and keepsakes of your images so you can enjoy them for years to come. My clients especially love the custom hardcover books and the proof boxes to show off their photos!

HOW MUCH WILL IT COST?

Most of my clients invest between \$1200-\$1900 on their custom products, prints, and digital files. Payment plans are no problem! See the collections on the next page to get an idea of what best fits your needs/budget.
