Secret Garden Sessions:

What are the Secret Garden Studio Session?

The idea behind these sessions was to create stunning portraits to be displayed in your home. Designed to create a sense of whimsy and nostalgia while viewing them, the essence of these images is reminiscent of traditional portraiture, with sets that evoke classic beauty and charm.

Colour pallet

A delicious mix of dusty pink layered with milky peach, aged purple and offset with a deep forest green. I currently have one set available; more coming in the future.

Who are these session for?

These sessions are perfect for expectant mothers as an extra special Maternity session to remember the beauty of pregnancy. A mother and child or children session is such a lovely way to treasure the fleeting moments your children's youth. Other options include small families, children from sitters up, newborns in arms only.

What do you need to bring/wear?

If you are using the supplied wardrobe then the only thing you will need to wear in particular is a strapless or multi way bra. If there is a specific piece of jewelery that matches the aesthetic of the set you are more than welcome to bring that along. You are also welcome to bring your own outfits if they match the aesthetic. I'm happy to chat to you about the outfits prior to your session.

Supplied outfits

Girls gowns are supplied in a variety of styles and sizes, an exclusive selection of women's gowns are available, these gowns are hand selected and mix perfectly with the set design. I can help guide you to find the perfect outfit for men and boys as a men's and boy's wardrobe is currently unavailable.

Hair and Makeup

If you would like to add hair and makeup to you session I will need to know well in advance so I can book in my amazing artists for you.

What I need
