

A romantic wedding photograph of a couple kissing at sunset. The groom, in a dark suit, is on the left, and the bride, in a white dress, is on the right. They are in profile, facing each other. The background is a soft, golden sunset over a field with a white fence and trees. The lighting is warm and creates a bokeh effect in the background.

A romantic couple is shown in profile, kissing on a rooftop. The woman, on the left, has long dark hair and is wearing a white lace dress. She holds a bouquet of white flowers. The man, on the right, is wearing a dark suit and a white shirt. They are standing in front of a wooden railing. The background is a bright, hazy sunset over a city, with a building visible on the left. A semi-transparent white rounded rectangle is overlaid on the image, containing the text "Let's get started".

Let's get started

## A LITTLE BIT ABOUT ME...

---

I'm Mason, the owner & photographer for Mason Graves Photography. I love being able to share in the love of two individuals and feel blessed to get to work with such wonderful people each day!

Based in Jackson, Ms, I've been shooting for over 9 years now and specialize in proposals, engagements, weddings, and elopements. There isn't a day that goes by that I don't think about the fun that I get to have while documenting couples' special moments. My #1 goal is to capture moments and create memories that couples fall love with over and over again.

After completing a Master of Healthcare Administration from Belhaven University in 2019, I became a manager at a hospital in Jackson which is my current full-time job. I've even had multiple opportunities to photograph open cranial and spinal surgeries and have a handful of those images published! I began photography as a part-time endeavour in 2015, though, and have found over the years that I really enjoy telling couples' love stories through photography and couldn't be more thankful to God with where I am now with my photography business and the people who I've met throughout the years!

Mason did a fantastic job taking photos of my proposal to my now fiance! He came to the property ahead of time to get an idea of where the best place for the photos would be taken and he was super accommodating in helping make the entire process special! He went above and beyond and got us our photos within 2 days of us taking them. He even made a short slide show of our photos with some music in the background! I would highly recommend him to anyone who needs photos done!

## YOU HAVE QUESTIONS

---

Q: What sets you apart from other photographers?

A: With over 9 years of photography experience under my belt, I know how to guide clients to make them feel relaxed while looking their very best. I use natural lighting as often as possible and make sure your photography experience with me will be intimate & fun!

Q: Why is your wedding photography rate more affordable than others

A: This is an excellent question! The reason why is because I have a separate full-time job, don't rely on photography as my sole source of income, don't outsource any editing/retouching, simply enjoy being a part of couples' special day, and therefore will provide the same high-quality photography of a professional to you at a rate that's more affordable than the national average.

Q: Will we get the print release to our photos after our wedding?

A: Yes! Upon receiving your images, you will also get a full print release.

Q: How many photographers will be there at our wedding?

A: All of my services come with a single photographer, but you are more than welcome to add a second shooter for an additional cost.

Q: Will my photos be posted publicly on your site or social media?

A: I respect your privacy and allow each client to decide whether or not they want their photos displayed publicly. I'd love to show off you & your images, if you're game! If not, that's okay, too.

## I HAVE ANSWERS

---

Q: Do I have to order prints through you?

A: I highly recommend ordering prints through my professional vendor, but it isn't required. The difference in quality is huge when it comes to ordering through a professional lab, so I always love to help with prints!

Q: What equipment do you use?

A: I bring two cameras with me to every wedding! Both of these cameras are full-frame and shoot high-resolution images. My lenses are a 70-200mm 2.8, 50mm 1.4, and 18-75mm 3.5.

Q: Do you travel?

A: Yes! I'm more than happy to create a custom wedding package to suit your travel needs.

Q: Are the people featured on your site models?

A: No. While I am lucky enough to work with gorgeous clients, all of the images shown on my site and blog are of regular, paying clients.

Q: How do we reserve our wedding date?

A: A \$500 deposit & signed contract is required in order to get your wedding on the calendar.
