

Interview

QUESTIONS FOR MIDWIFE

1. Do you have openings for my due month?
2. How many births do you attend per month?
3. How long have you been practicing?
4. How many births have you attended?
5. May I see your statistics on transfers, emergencies and deaths?
6. Why did you become a midwife?
7. How do you handle emergencies?
8. What is it like to work with you? What can I expect?
9. Do you work alone or on a team of midwives?
10. How are you addressing social distancing, masking, and vaccination?
11. What kind of prenatal and postpartum care do you offer?
12. What is your price structure? Payment options?
13. What do you require from your clients? What are MY responsibilities?
14. Do I retain the right to decline any tests/procedures during my pregnancy? What is the process for doing so?
15. Who may attend my birth?
16. Do you plan to bring a student midwife or an assistant to my birth?
17. Is your NRP training and certification up to date?
18. (if you want to catch your own baby) How do you feel about me catching my own baby? My husband catching?
19. What if you are not able to get to my birth for any reason?
20. What limitations are imposed by your license (if applicable) that I should know about?
21. Is there anything I am not "allowed" to do or not do?
