Testimonials

"Coach T has helped realign not just my perspective on marriage or what it truly means to worship with my whole heart, but also my identity as a daughter of Christ and my God-given purpose in this season of hardship. Her teaching isn't just practical, its powerful, spirit-led, and rooted in godly truth.

"Coach T, I just want to thank you for your obedience. Your wisdom and straight forward talk was so powerful and helpful in my marital hardship. I truly learned what surrender was and discovered God's love and faithfulness. It changed my life. Even in the face of divorce, I finally felt like I had won. And two weeks before the divorce was to be final, my husband came home."

"Coach T, the truth that you share transforms, and it is transforming me. I have never heard anyone speak like you do about discipleship, marriage and what we're really called to. You give such practical steps to walk that path, to learn and to grow in our own ability to discern and much more. Thank you."

"When Coach T speaks you can't leave the same way you came. You just can't. You will be forever changed. The Lord shows up in a mighty way and you get teaching that you can't find anywhere else."
