"Helping women to purposefully  
design a life they love"

-IVORI NICOLE

Ivori Lipscomb-Warren is an author, educator, speaker and certified coach who specializes in infertility, pregnancy loss, postpartum and mom-preneurship. Her thought leadership and business acumen has placed her in rooms with global leaders in media, communications, hospitality, healthcare, and academic industries.

Her entrepreneurship journey started as the Founder of Ivori Nicole Events, where she led a highly-acclaimed design team that crafted extraordinary events around the world for nearly 20 years. This is where her entrepreneurship muscle was strengthened, and she learned the ins and outs of a successful business. But it didn't stop there.

After experiencing personal battles with infertility, pregnancy loss and mature motherhood, she was inspired to help women just like her achieve a life they desire. Her passion for service to women led her to create a coaching practice dedicated to helping women purposefully design the life they love.

Through holistic coaching, Ivori guides her clients to wholeheartedly follow their life and business pursuits, and take the lead on themselves, first and foremost. She operates under the principle that nothing is balanced until you are. With each client, she seeks to create a safe environment, where people can live joyful lives fueled by gratifying work.

Ivori holds a Bachelor of Science in Psychology, a Master of Art in Human Resources Management, and is a doctoral candidate currently completing her degree in Educational Leadership. In addition to managing her businesses and various speaking engagements, she is a professor of psychology and business management.

Ivori continues her love of service on the Board of Directors for The Warren Foundation, a 501(c) 3 non-profit organization that specializes in support and awareness for several causes. These include pregnancy and infant loss awareness, youth mentorship, diabetes awareness, veteran transition and educational support. She is also a member of the International Coach Federation (ICF), Forbes Coaches Council, Resolve – The National Infertility Association, Charter Member and Chartering Recording Secretary of the Alpha Beta Gamma Omega Chapter of Alpha Kappa Alpha Sorority, Incorporated, and the National Coalition of 100 Black Women.

Ivori's accolades are one for the books, she has gotten the opportunity to complete work across the world, and has garnered features from Baltimore Business Journal as a 40 Under 40 awardee, Washingtonian, and CBS and Fox affiliates.

Her resume aside, what brings her the most pride and joy is being a mother to her rainbow baby boy, Ian, and angels born into heaven. She is also married to her best friend of over 20 years, Kevin, and has two fur babies, Kole and Kloe. When she's not coaching women into pure happiness, she is watching A Different World, a Baltimore Ravens game, and indulging in pink bubblegum ice cream.

## *What Others are Saying*

While I am still on my journey, Ivori Nicole understands and is empathetic to my feelings. She has worked with me to become more open minded to the different possibilities of becoming a mother, provided valuable resources (such as a program that assists with obtaining fertility medication), and is not only my fertility sister, but my cheerleader!

- *Shawanda Brown*

As an infertility and pregnancy and infant loss advocate, Ivori Nicole is very passionate and knowledgeable. Her rapport with the women she connects with and the ability to address sensitive issues while putting a smile on their face is admirable.

- *Lakecia Hines*

Ivori Nicole is amazing! She helped me with understanding my feelings and my partner's feelings. My IVF journey was so much easier when meeting with her. I felt heard, understood and made aware that my feelings were valid and I was not crazy for having those feelings.
