

MARY — AND — ZEYAD

ENCHANTED GARDEN CELEBRATION

Mary and Zeyad said “I do” at The Arlington Estate in Vaughan on August 30th, 2024, surrounded by the magic of an *Italian Garden* brought indoors. The groom’s mother, Lemis, owner of Royal Orchid Florist, worked her design magic, creating a breathtaking setting filled with towering trees, cascading floral panels, and lush greenery. Every detail was meticulously crafted to reflect the couple’s romantic vision, turning the venue into a dreamy, flower-filled oasis. It was a celebration of love, family, and extraordinary design that left guests in awe from start to finish.

FLORAL, DECOR, AND EVENT DESIGN by Royal Orchid Florist

Mary Alakhras and Zeyad Jibrán's love story began on Instagram and quickly moved offline with a Canada Day first date that ended in fireworks—literally—and love at first sight. Fast forward four years, and they honored that unforgettable night by including fireworks in their wedding celebration. As for the proposal? Zeyad raised the bar with a private Valentine's Day helicopter ride over Dubai's skyline, complete with a surprise photo/video team to capture the moment.

Their wedding was a breathtaking celebration, centred around an *Italian Garden* theme, meticulously brought to life by Zeyad's mother, Lemis, the owner of Royal Orchid Florist.

Mary wore a gown by Blanche Bridal, which she customized for different parts of the day. For the ceremony, she added pull-on sleeves, and for the reception, she switched to spaghetti straps, giving her look a subtle transformation without changing dresses. The dress was complemented by a Swarovski crystal-embellished veil and delicate floral accents.

Zeyad wore a bespoke tuxedo, custom-designed with fine Italian fabrics, a unique *Lamborghini* inner lining, and Swarovski crystal buttons. Together, their looks reflected a balance of elegance and personalization, perfectly suited to their wedding's luxurious theme.

PERSONAL TOUCH

"Every floral panel was crafted uniquely to ensure the design felt dynamic and personalised for Zeyad and Mary," shares Lemis Hassani, proud mother of the groom and owner of Royal Orchid Florist.

NATURAL WONDERLAND

The wedding décor was a testament to impressive scale and meticulous detail, featuring thousands of fresh white and green flowers that set the tone for an enchanting atmosphere. Sixteen uniquely crafted hanging floral panels added depth and elegance, while nine towering trees brought a touch of nature indoors, transforming the venue into a lush, garden-inspired wonderland. To complete the immersive design, the head table featured full floral panels, creating an extraordinary natural aesthetic around the couple.

DAZZLING DISPLAY

The couple ensured their guests were entertained and engaged with a variety of thoughtfully curated experiences throughout the celebration. Their grand reception entrance was marked by a traditional Arabic zaffa, a vibrant musical procession featuring bendir drums, bagpipes, horns, and other instruments. As the night unfolded, an energetic mix of music kept the dance floor alive and the celebration in full swing. Guests also enjoyed an interactive champagne tower, adding a touch of luxury and spectacle to the evening. The festivities concluded with a dazzling fireworks display, a heartfelt nod to the couple's first date on Canada Day.
