Unique plan of action and implementation

Phase 1

Workplace Audit

It's time to get comfortable with your current lifestyle and habits... and how those may need to change in order to create a lasting transformation together. In this phase of the program, we will be discussing key insights and action steps to be taken from the pre-work, learn how to prevent self-sabotage and instead become indispensable to your company, and discuss observations from your own organization and strategize how we can use these unspoken rules to help you accelerate your career.

Phase 2

Be Your Own PR

In this phase of the program, we will be jumping into how other people can help you accelerate your career. I'll teach you best practices on how to delight your boss (without being a pushover) and make sure you snag the best opportunities and promotions. We will also be leveling up your visibility in your organization, and thinking about your personal brand.

Phase 3

Putting It All Into Action

Now that we have all the components of fast-tracking your career, it's time to put it all together and execute. We will create a plan that tackles your roadblocks and maximizes your impact and visibility in your organization, securing your career acceleration and fast-track to success.

Our Communication

On this page detail the way in which you'll work together. How many Zoom calls will you have? Are you going to record the sessions? If so where can the client find the recorded session? Maybe you have dedicated check-in or feedback calls but most of your communication is done outside of Zoom. Include these details.

How will you communicate outside of Zoom? How can your client get in contact with you? Is email the best way to reach you? What about Voxer or Slack? Include where outside communication will be so your client understands not to send you voice notes in places like your Instagram account.

Will you have a project management tool to do a lot of the communication for you? What additional forms of communication or tools to communicate are inside your service?

Do you have office hours? Or maybe you have a window where you respond to calls? I allow my clients to contact me 24/7 but they know I'll get back to them when it's best for me. I.e, after I've had a full cup of coffee.

Write up full communication with your client over the duration of your service on this page. Then place the correct links for your client below.

Your Action Items

Here is a great place to detail what you expect your client to fulfill for the completion of your service. Are there any action items your client needs to complete in order to reach each milestone?

Depending on if you're a service provider or coach this will look a little bit different. In the example of a designer, the client will need to provide sales page copy, high res imagery, and anything else that's needed to complete the service.

Whereas a coach on the other hand may have created educational videos for their clients to watch and have them hosted inside a learning portal.

Any worksheets, workbooks, templates, and short-cut helpful tools should be named here and where your client can expect to find them, like a personal google drive folder.

If you provide feedback to your client's work be sure to detail here what that means, how often they'll have assignments, and when they are due. What can they expect working with you? How much feedback do you provide and when?

Once you've detailed your client's action items for your service, provide the detailed links of what they need below.

My Secret Weapon

This third page is where you get to add your secret sauce. The "love on me" page. What makes working with you special and different from the other options your prospect could choose in the space?

Are they getting creative direction on their creative material? Are you a messaging queen and providing copywriting revisions and edits on your writing materials? Maybe you're a previous school teacher and creating a curriculum with your clients is your specialty.

This space can also be used to simply dive deep into your background story to make your client feel seen and that they've chosen the right person to lead them through this transformation. The, been there done that story, that makes you the perfect guide for them.

Use this space however you wish as the third reason to believe your client is in the right place and what they receive when they work with you.

For me, I provide creative direction, my design expertise, and provide my clients with designed templates.

If there's anything to include link-wise in this section, include it below.

Your Learning Portal

If you don't need to use three pages to detail how you'll work together with your client, then use this one-pager. If you're just starting out, I suggest using this until you have a better understanding of your services and how you and your client fulfill the work.
