Learn-to-Swim

Based on a logical, six-level progression that helps swimmers about 6+ years old and adults develop their water safety, survival and swimming skills. It is designed to give participants a positive learning experience.

LEVEL 1: INTRODUCTION TO WATER SKILLS Helps participants feel comfortable in the water.

- Enter and exit water using ladder, steps or side
- Blow bubbles through mouth and nose
- Bobbing
- Open eyes under water and retrieve submerged objects
- Front and back glides and back float
- Recover to vertical position from a front glide and back. float or glide
- Roll from front to back and back to front
- Tread water using arm and hand actions
- Alternating and simultaneous leg actions on front and back
- Alternating and simultaneous arm actions on front and back

Recover from a front and back float or glide to a vertical position

Change direction of travel while swimming on front or back

- Combined arm and leg actions on front and back
- Staying safe around aquatic environments
- Recognizing the lifequards
- LEVEL 2: FUNDAMENTAL AQUATIC SKILLS Gives participants success with fundamental skills.
- · Enter water by stepping or jumping from the side
- · Exit water using ladder, steps or side
- · Fully submerge and hold breath
- Bobbing
- · Open eyes under water and retrieve submerged objects
- · Front, jellyfish and tuck floats
- Front and back glides and back float

Combined arm and leg actions on front and back Finning arm action on back.

Staying safe around aquatic environments

Roll from front to back and back to front

Tread water using arm and leg actions

Don't just pack it, wear your jacket

Don't just pack it, wear your jacket

Recognizing an emergency

How to call for help

Too much sun is no fun

- Recognizing an emergency
- How to call for help
- Too much sun is no fun
- Look before you leap

Scissors kick

- Think so you don't sink
- Reach or throw, don't go

Reach or throw, don't go

Look before you leap

Think twice before going near cold water or ice

- LEVEL 3: STROKE DEVELOPMENT Builds on the skills in Level 2 through additional guided practice in deeper waters.
- Enter water by jumping from the side
- Headfirst entry from the side in sitting and kneeling positions
- Bobbing while moving toward safety
- Rotary breathing
- Survival float

LEVEL 4: STROKE IMPROVEMENT Develops confidence in the skills learned and improves other aquatic skills.

- Headfirst entry from the side in compact and stride nositions
- Swim under water
- Feetfirst surface dive
- Survival swimming

- Back float Change from vertical to horizontal position on front and back Tread water
- Push off in a streamlined position then begin flutter and dolphin kicks on front
- Front crawl and elementary backstroke
- - Front crawl and backstroke open turns
 - Tread water using 2 different kicks
 - Front and back crawl, elementary backstroke.
 - breaststroke, sidestroke and butterfly
 - Push off in a streamlined position then begin flutter and dolphin kicks on back
- Look before you leap

· Reach or throw, don't go

Think so you don't sink

Recreational water illnesses

LEVEL 5: STROKE REFINEMENT Provides further coordination and refinement of strokes.

- · Shallow-angle dive from the side
- Shallow-angle dive from the side then alide and begin a front stroke
- Tuck and pike surface dives
- Front flip turn and backstroke flip turn while swimming
- Tread water

- · Front and back crawl, elementary backstroke, breaststroke, sidestroke and butterfly
 - Standard scull
 - . How to call for help and the importance of knowing first aid and CPR
 - Recreational water illnesses

- · Reach or throw, don't go Look before you leap
- Think so you don't sink
- Think twice before going near cold water or ice
- · Wave, tide or ride, follow the guide

LEVEL 6: SWIMMING AND SKILL PROFICIENCY

Refines the strokes so participants swim them with ease, efficiency, power and smoothness over greater distances.

Level 6 is designed with "menu" options that focus on preparing participants for lifetime fitness and safety, as well as more advanced courses, such as the Water Safety Instructor course, or other aquatic activities, including competitive swimming or diving. Options include-

- Personal Water Safety. · Fitness Swimmer.
- Fundamentals of Diving.
- The American Red Cross offers a comprehensive, developmentally appropriate swimming and water safety

program that teaches you, your child or other family members how to swim skillfully and safely, and think and act safely in, on and around the water. The prerequisite for each level is the successful demonstration of skills from the preceding level, except for Level 1, which has no prerequisites.
