The Finem Tale Experience

Hello There!

I'M CHETTARA

A chick with a camera who is addicted to telling your story as it unfolds. I'm a lover of tattoos, Disney's Ursula, road trips, dogs, 90s r&b, halloween, cacti, lavender, queen, jack daniels, pineapple on pizza, bubble tea, and quite a few other things. :)

Welcome to the Siren's Den

A tale as old as time...love.
loving your girl
loving your guy
loving each other
and even loving yourself...

I love to capture the intimate, sexy moments....that look between a couple, the curve of your hip, the strength of your bicep, the sexy playful smiles. My Siren Tale session will bring your love to life and create a photograph that will forever catch a moment when your body spoke of love in a way words just can't do.

"Chettara has a captive eye for beauty. During our boudoir photoshoot, she made me laugh so much and kept me comfortable. We explored different angles without high expectations for perfection and the shots showed a natural state of beauty with an edge. Chettara simply knows when to take the shot. A great experience, overall respectful of my time and comfort level. Originality and creativity really flowed through the room and the outcomes. I had a great time shooting and laughed harder than I had all month."

Siren's are beautiful and enchanting, deadly, and badass... just like I believe every woman is (we can remove the leading sailors to death parts though).

Sometimes it just takes someone else to bring that out or a shoot like these to help you view yourself differently. I'm all for body positivity, self love, and being your ultimate badass self. Siren tales are a visual representation of that for both solos and couples as of late.

"I had been eyeballing your work for awhile now, with hopes of someday getting the opportunity to make some beautiful art together. We were able to make it happen and working with you was just as incredible as I had imagined! You have a way with photos that I haven't seen in many others. The lighting speaks volumes. The softness yet boldness mixed together with colors makes everything pop. Your work stands out and is absolutely breathtaking. Such a wonderful experience to be able to create magic with you! My boyfriend and I had such a fun time! Thank you a million times over and over. It was something we will never forget and I cannot wait to get the photos back!"

"For the first time I experienced the Siren Tale and Ms. Chettara and her team made feel me super comfortable and confident, it was almost like I was talking with old friends doing a cool project together. Ms. Chettara had a way making feel comfortable in my own skin, she walked through the process of setting up a appointment, having all my curious questions answered swiftly and thoroughly. But most importantly, Ms.Chettara revealed and embraced badass siren in me, a experience that I can define as natural, fearless and dynamic, with her soothing voice and direction I was able to blossom my inner Fire vivaciously and appreciate the sacred being that I am with leaving myself with one question that Ms. Chettara asked me and I now agree on is... "Worried for what?" Thank you for the amazing experience."
