to remember every
emotion from their
wedding day

hello sweet bride-to-be

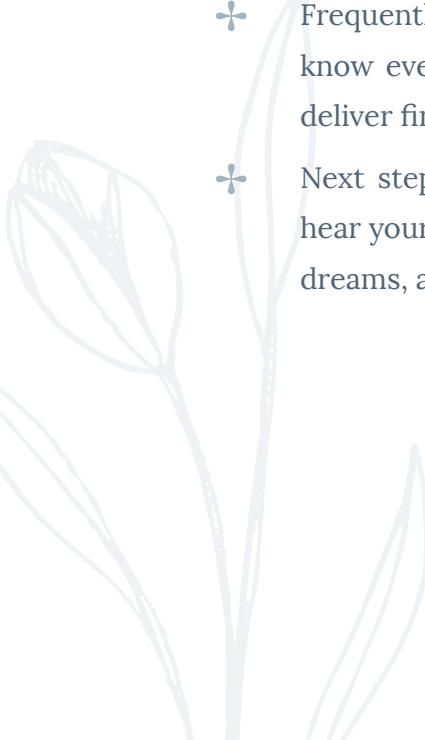

First of all—let me congratulate you on your engagement. This is such a special time in your life—one that's filled with so much anticipation, love, and—if we're being honest—decision making. While I've been happily married for more than 10 years, I remember all the decisions that went into the process, so my goal with this welcome guide is to cut through the clutter and give you a clear and honest picture of what hiring me as your wedding photographer will look like. I'm so excited for you and truly hope that this moment in time is everything you hope it will be and more.

IN THIS WELCOME GUIDE, YOU'LL DISCOVER

- ✦ An overview of my process and your experience with me, because the experience I create for you is just as important to me as my artistic approach and the style of photos I shoot
- ✦ My packages, prices, and payment terms, so you understand the investment upfront and can accurately allocate your wedding spending plan
- ✦ Testimonials from real life clients, so that you get a feel for what others appreciated most about me and feel confident that I can serve your needs, too
- ✦ More about me, so you know who you're hiring, what my background is and get an inside look at what makes me tick (*besides a frothy caramel latte with a double shot of espresso ;-)*)
- ✦ Frequently Asked Questions, so that by the time you're finished reading this, you know everything there is to know about when you should book by, how soon I deliver final photos, how many images I shoot, and more
- ✦ Next steps for scheduling an introductory phone call, because I would love to hear your sweet voice, gush about your engagement ring, talk about your wedding dreams, and—of course—get you on my calendar ;-)

HOW MY CAMERA

captures the love

that exists in your life and among your favorite people

From the moment I meet you until the moment I deliver your final images, it's my goal to meet every expressed and unexpressed desire you have for your wedding photoshoot and wedding photography.

THE PHOTOGRAPHY EXPERIENCE

When you hire me as your photographer, I send you a questionnaire to dig even further into your heart and vision for your day plus send you tips and tricks to help make your engagement and wedding shoot go extra smoothly.

*here's what
you can expect:*

and what it looks like when booking me for your wedding.

01. LET'S MEET

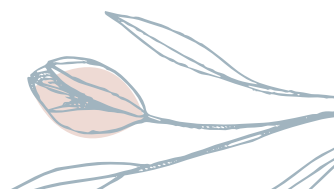

Once you've read through this welcome guide and still feel just as excited about booking me, you schedule an introductory phone call where we discuss your wedding in more detail and any other questions you have. We'll walk through the photography collections you're interested in and I'll tell you how to secure a spot on my calendar for your wedding date.

02. TIME TO BOOK

After our call, I send you a proposal and contract via Honeybook (my swanky online management system) based on the collection you were interested in. If you know I'm THE ONE, you will agree to the proposal terms, sign the contract, and pay the nonrefundable retainer (which you'll learn more about in the pricing section of this guide).

03. UNLEASH THE DREAMING

Once you've booked, I'll send you a questionnaire AND a link to your Trello board where you can add any photo inspiration for me to check out.

04. YOUR ENGAGEMENT SHOOT

At your engagement shoot, we'll highlight what makes your love story so special. Whether we visit a meaningful location or include fun props or a well-loved pet, I'll get to know you more and get everyone gushing over your engagement photos.

05. YOUR WEDDING SHOOT

On your wedding day, I arrive early to begin documenting you as you get ready. Throughout the day, I'll take a mix of posed and unposed shots that truly document each moment and all the emotions you're feeling.

06. LET'S CELEBRATE

1-2 weeks after your wedding, I celebrate with you on social media with a couple of "sneak peek" glimpses at your wedding photos while I'm head down and hands deep into the editing process.

07. YOU'VE GOT PHOTOS

Within 4-6 weeks, I'll send you a link to an online viewing gallery where you can view your images, download them directly, or order prints and albums. I pour my heart into preparing these photos for you and always get a little teary when I say goodbye and send you on your way to love the socks off of each other.

HOW WE STAY ORGANIZED AND COMMUNICATE

Once you've booked, I'll send you your unique password and username for Honeybook, which is how we'll organize the entire experience and communicate. All communication will take place via Honeybook (email) up to the week of your wedding. During the week of your wedding, we'll switch to communicating by phone (if necessary) so I can be of absolute service to you if any emergencies arrive.

COMMUNICATION TURNAROUN

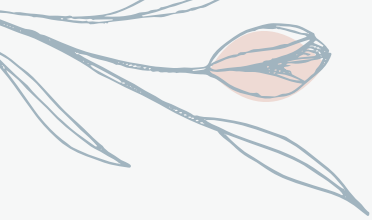

Due to the nature of my work and because I'm often on photoshoots on the weekends or in the evenings, my work hours vary and I am in and out of the office regularly.

If you send me an email, you can expect to hear back from me within 48 business hours, which means if you email me on a Friday you can expect to hear from me by close of business on Tuesday. I often reply much faster than that, but please keep that in mind if you don't hear from me right away (your girl may be on a shoot or snuggling her littles because she had a late shoot the night before).

client love

“Becca was so easy to work with and was super organized from the get-go. She was the perfect mix of “involved” and “in the background.” She got amazing shots of our ceremony and yet she was in the background and super careful not to detract attention. Yet, she had a blast with us on the dancefloor snapping candid shots that still make me laugh. I have every detail photo and posed photo I could possibly want. She’s the best!

THE FUN-LOVING ARTIST BEHIND THE CAMERA

Hey there! I'm Rebecca. I've always loved capturing the real, raw, and unposed moments of life, especially the ones that include family. Looking at a photo can bring the warmth of family all around you and that feeling can be really important later on in life when you're looking back on moments passed.

When I was four-years-old, I got my hands on an old camera my parents had and started snapping pictures. I've had a camera in my hand ever since, which means if I do the math, I've shot photos for more than 30 years. Let me just say, they've definitely gotten a lot better than when I first started LOL. I've been a fine art wedding photographer for 8 years now and fall more and more in love with it (if that's even possible) every day.

I'm from Colorado Springs and go gaga over the mountains. Nature is my muse and I'm' obsessed with cozy sweaters, knit blankets, and cute mugs of coffee. I've been happily married for more than 10 years, have three adorable kiddos who are 4, 6, and 8, and two rowdy goldendoodles who romp on my bed like they're my kiddos, too.

frequently asked questions

*How many *actual* pictures do I get in my online gallery?*

So many! Just kidding—well, you do get a lot, but to answer that more specifically, I average about 75-100 images per hour that I'm shooting. That means you receive A LOT of photos all delivered to you in your online viewing gallery which you can download directly.

How soon do you deliver my digital files to me after my wedding?

I know you're itching to see your photos the moment I take them, which is why I work diligently to deliver your digital files to you within 4-6 weeks from your wedding date.

Can I print my digital images or use them on social media or on a blog?

Yeppers! You sure can. You receive the rights to all of your images, so you can print them or share them, whatever you fancy.

How far in advance do you book weddings?

Every bride is different. You have the super meticulous ones who book 18 months in advance and the slight procrastinators (you know who you are ;-)) who book 3 months in advance. And hey—you might have just gotten engaged and are getting married in 6 months. I tell my brides that as soon as they're interested in booking me to schedule that initial introductory call so we can get you on my calendar as soon as possible. The worst thing that could happen is to fall in love with me and my work and then find out that your wedding date just got booked by someone else.

What's your shooting style like?

I'm a mix of interactive and "sit back and catch the unexpected." I offer suggestions when necessary and help family members pose during portraits so your pictures look super polished and professional. Yet, I also stand back and document unposed moments as they arise. I grab that unexpected laugh or sweet side glance that you can never really rehearse or relive.

Do I have to pay the full amount of my package up front?

Of course not! You'll pay a \$500 deposit to reserve your date and final payment 30 days before your wedding. If you'd like to space out your payments along a specified timeline, just ask and I'll put together a custom payment plan for you.

Your Experience is Just as Important to Me
