From PAPER TO PILLOW

Nicole Speake Design Shop is a lifestyle brand created from a desire for chic, durable and attainable pillows. After searching for months, to no avail for the perfect accoutrements for our couch, I decided to design my own pillows. I loved the process and quality of the final product and was encouraged by friends to launch an online shop. The debut collection is inspired by beautiful Indian block prints and bold florals. Each pattern is hand sketched and thoughtfully designed in different colors and scales to complement each other. Pair 2-3 different patterns from a color collection or add in a pop of a different color to instantly refresh any room of your home. Our pillow covers are made of luxe 100% cotton canvas textile. Stay tuned for new designs and products...Fabrics and Wallpaper coming soon!
