TINY
COLLECTIONS

Usually this offering takes the form of a few small arrangements or simple diorama(s) for product styling. This is my baseline offering.

NO. 2

MINI SETS
\$950-\$2,500

Typically a collection of 3-5 modular designs that can be fitted together and/or styled as separate units to create an immersive set piece for portrait-style photoshoots, etc. This contract tier may include the use of props and/or hand-painted backdrop rentals from my studio collection.

NO. 3

FULL SET PIECES
EVENT PACKAGES
\$3K-\$20K+

Set piece and event packages range from large collections of arrangements to immersive on-site installations, and often require a freelance team to execute. I pay my people a living wage, and only work with the best in the trade! You'll get my A-team of designers for these gigs.

WILDCARD

DESIGNER'S
CHOICE
\$800-\$\$\$

The "Surprise me" option: you tell me the basic details about your project, we agree on scope, scale, and spend (plus maybe a few design parameters), but then I have full creative license to show up on set with a never-before seen deliverable tailored to the art brief, and you don't have to make any design decisions.
