FAQ'S

WHEN SHOULD I REACH OUT TO BOOK MY TRIP?

Availability and price point are going to be in your favor the sooner we book, but a general plan is: Mexico (1-4 months) Europe summertime (6-8 mo) Holiday season (10-12 months)

CAN I USE MY CREDIT CARD POINTS?

I encourage you to use your credit card points to book flights (I'm happy to recommend the best routes/etc) but as for travel packages and hotels, I am unable to assist if you're using a certain brand loyalty points.

HOW DOES A TRAVEL AGENT GET PAID?

All hotels have a built in comission that either goes back to the hotel, the booking engine you use to book it or your Travel Agent. For trips that require more than just a hotel room, there are planning fees to cover the research time & planning time for more complicated trip itineraries or group bookings.

HOW MANY COUNTRIES HAVE YOU BEEN TO, JESSICA?

I have been blessed to have visited 30 countries! I've been traveling since I was 13 years old when my mom took me on a trip to Greece, Israel and Egypt! I caught the travel bug early on in life and now travel overseas at least one a year. Also, in 2013, I bought an around-the-world airplane ticket and spent 4 months backpacking literally around the world!
