Thought For August

Truth be told, as beautiful as B.C. is, or anywhere else you call home, there's no place on earth that compares with our future home.

There's No Place Like Home!

The first Monday in August is B.C. Family Day, and those who get to live in this great province have good reason to celebrate! I've lived in B.C. my whole life, so there's an obvious bias. Dorothy spoke the truth: *there's no place like home*, and she was just talking about Kansas (lots of wheat, some sunflowers, and a big ball of twine)! But it's more than familiarity - B.C. is way better than Kansas, or any other place on earth (my wife is a travel agent so we've done our fair share of research). We like to refer to our home province as God's country!

We have more of everything you want: soaring mountains, sparkling streams, pristine lakes, national parks, wildlife, sea life, and almost 26,000 km of coast-line (oh, and Nanaimo Bars)! And we have less of the things you don't want: long winters, smog, pollution, debt, crime, and urban blight (also, less litter).

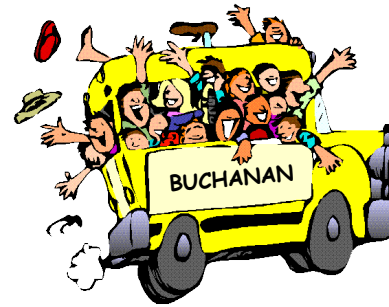

But truth be told, as beautiful as B.C. is, or anywhere else you call home, there's no place on earth that compares with our future home. *Then I saw a new heaven and a new earth...."Look, the home of God is now among his people! He will live with them, and they will be his people. God himself will be with them. He will remove all of their sorrows, and there will be no more death or sorrow or crying or pain. For the old world and its evils are gone forever." And the one sitting on the throne said, "Look, I am making all things new!"* (Rev. 21:1-5).

Those who have accepted Jesus as their Saviour and Lord are already citizens of heaven: *For this world is not our home; we are looking forward to our city in heaven, which is yet to come* (Heb. 13:14). *We are citizens of heaven, where the Lord Jesus Christ lives. And we are eagerly waiting for him to return as our Savior. He will take these weak mortal bodies of ours and change them into glorious bodies like his own* (Phil. 3:20,21).

That's sounds better than B.C., Kansas, or anywhere else on this planet. There's no place like our future home!
