Hello Mama!

My Name is Crystal! I started my business back in 2017 after taking courses at the Ottawa School of Photographic Arts. Since then I have become a well known family photographer in the Ottawa area.

I am a mom who lives in the suburbs with one kid, one partner and one dog. We love the outdoors, playing board games and trying out new restaurants in the city.

I recently renovated a small space in Orleans to use for intimate maternity sessions and newborn lifestyle sessions!

I can't wait to have you in my new cozy indoor space!

BEFORE. DURING. AFTER

WHAT HAPPENS

Before my Session

The first thing that happens is you pay a 50% non-refundable retainer to secure your session date and time within my easy to use online booking system.

You are immediately sent the Maternity/Newborn Lifestyle Session Guide in order for us to start the planning process!

The guide contains everything you need to prepare for your sessions!

You will also be given a list of dresses to borrow free of charge from my client closet to wear.

The Experience

ONE

Hair and Makeup

Some clients choose to get their hair done, lashes on or make up professionally applied. This isn't always needed but my clients are always pleased when they do.

TWO

Wardrobe

I have an extensive lending library of dresses and accessories for families (mostly moms and daughters)

THREE

Length of Session

Sessions are usually 45 minutes to 1 hour long and can include 1-3 outfit changes.

FOUR

Locations

These sessions are always held in my small and cute studio in Orleans ON.

What happens **during** the session

During the session you will be able to change in the washroom where your personalized wardrobe can be found. I will be guiding you into poses that are natural, intimate and soft. All newborn poses are cuddles from family members in a lifestyle session. My studio can accomodate two parents and two siblings in addition to the newborn.

What happens **after** the session

About a week or two after your session you are given a gallery link via email so that you can download all your images for social media and print. You will be given a web sized version as well as a high resolution version. All of the best edited images are yours to keep!
