MEET THE PHOTOGRAPHER

Hi, I'm Jessi!

I am here to document your best days and biggest milestones and help you have fun doing it! I may be a nerdy introvert who hails from House Ravenclaw, but I love being your hype girl, de-stressing stressful situations, and capturing the kind of memories you will cherish for a lifetime.

When I'm not photographing your favorite days with your favorite people, I can be found cuddling up with my dog Tobin and my cat Binx, reading the next book in whatever fantasy series I'm into (currently TOG), with a massive cup of hot coffee. I am obsessed with whales and anything 90s related - especially if it involves my favorite band Hanson!

SERVICES + PRICING GUIDE

PORTRAITS BY JCP

Let's tell your story...

I became a photographer because I want to remember everything, and I want to help you do the same.

We all have important milestones that deserve to be remembered - whether you're a graduating senior, or needing headshots for your dream job.

I want to help you not only remember where you are now and how far you've come, but also help you get to where you want to go, and look good doing it.

*I would love to tell
your story.*

STYLE & EXPERIENCE

*what to
expect*

my style

FUN. STRESS-FREE. NATURAL.

I am here to document this time in your life and help reveal who you are and what you love to do.

I will, of course, help guide you in natural, beautiful poses, but I am also there to help you have fun doing it. You will be more comfortable in front of my lens, and your images will have the natural, more authentic feel of the real you.

FYI I am a natural light photographer, not a studio photographer, so I do shoot on location, usually in a place that means something to you, or somewhere I suggest based on the vibe you are looking for.

my experience

With over 15 years of experience in the photography industry, I am familiar with many different types of situations and I am happy to send you full galleries of past sessions so you can see a full spectrum of my work.

I always aim to be both kind and professional when addressing any of my Client's needs, and I'm committed to providing timely responses to any of your questions before and after our session.

I want your experience working with me to be as fulfilling as my experience working with you!

THE COLLECTIONS

Documenting your milestones & commemorating your adventures...

I am an all-inclusive photographer, which means that my pricing includes not only my time, experience, and artistry, but also all edited images from your session, delivered in a downloadable digital gallery.

I'll also provide a flash drive of the images with a print release.

*There is no greater investment than
investing in your memories.*
