

CAPABILITY STATEMENT

CYBER SECURITY

Our information security team has a combined 30+ years of experience working in Defence security domains. This experience, coupled with an operational focus, allows us to understand the delicate balance between system security and system functionality, establishing the most comprehensive and user-focused security solutions possible.

INFOSEC REGISTERED ASSESSOR PROGRAM (IRAP) ASSESSMENT

ACSC endorsed personnel providing services to secure broader industry and Australian Government systems and data (SECRET and below).

ISO 27001 AUDIT AND CERTIFICATION

ISO/IEC 27001 is widely known for providing requirements for Information Security Management Systems (ISMS), and there are more than a dozen standards in the ISO/IEC 27000 family. Using them enables organisations to manage the security of assets such as financial information, intellectual property, employee details or information entrusted by third parties.

CERTIFICATION & ACCREDITATION ASSISTANCE

Guiding customers through the C&A requirements, including:

- Assistance in system documentation creation
- SME advice on the C&A process
- Security assessments of network
- Ongoing support after submission

DESIGN AND REMEDIATION

Technical and administrative development and remediation of identified gaps, including:

- Knowledge of configuration management processes
- Vendor agnostic solutions
- High level of expertise

SECURITY AND ADMINISTRATIVE PERSONNEL

Client-embedded roles, including Information Technology Security Officer (ITSO) and System Administrators. To assist with maintaining the security of the system.

EDUCATION, AWARENESS AND TRAINING

Training and education at all levels, emphasising risks associated with cyber threats and potential impacts.

WHY PAC?

- We deliver end-to-end support based on the user experience, working with our clients to solve their unique problems.
- We understand the delicate balance of operational necessity and regulatory controls, going above and beyond to support our clients throughout the process.
- We empower our partners with the knowledge to ensure success.
