If you're focused on...
LEADERSHIP, INSPIRATION, & BOLD GOALS

10 Seconds of Insane Courage

Lead through Uncertainty, Drive Fearless Growth, and Achieve Breakthroughs.

What if the boldest version of you was just 10 seconds away? Most people never unlock their full potential - not because of skill, but hesitation. Bold goals aren't achieved with better plans, but braver decisions. After losing his father to cancer, he committed to **visiting all 197 countries** and achieving **100 Bold Goals** - not just to live fully, but to redefine what's possible. With his **"5 Zones of Courage"** framework, Garrett rewires mindsets in real time - to break barriers, seize opportunities, and achieve bold results...now.

Your audience will leave with the courage and clarity to... Unleash potential with 10 Seconds of Insane Courage

If you're focused on...
CULTURE, PERFORMANCE, & TEAM ALIGNMENT

One Bold Team

Align Culture, Elevate Performance, and Reignite Purpose.

What happens when teams stop playing it safe and start leading with courage? Garrett shows how bold teams build trust, break down silos, and unlock hidden potential across the organization.

Drawing from the **Dash Project** he created at Harvard Business School - a framework to align personal goals with organizational performance - Garrett delivers a proven model for **courageous collaboration.** As co-founder of ADDO Worldwide - named the #1 Best Place to Work - and training more than **30,000 leaders annually** through **Chick-fil-A Leader Academy,** he ignites a culture that empowers people and transforms results.

Your audience will leave with the courage and clarity to apply the Dash Project for courageous collaboration.

HUMAN SIDE OF AI & EMBRACING CHANGE

Hello AI, Goodbye Fear

The Opening AI Keynote to Navigate Change with Courage.

The biggest challenge in the age of AI isn't technical - it's **human.** Before teams can embrace AI, they must embrace change - and that takes courage. **Skip the Tech Talk, Start with Courage.** While AI experts teach what the technology does, Garrett reveals how leaders can leverage uncertainty, take bold action, and drive innovation before the competition does. That's why he's the **must-have opening keynote.**

Having traveled to all 197 countries, Garrett knows what it means to step into the unknown. With energy, perspective, and real word insights, he shows how courage - not caution - fuels growth in times of disruption.

Your audience will leave with the courage and clarity to Adapt faster and embrace AI with Confidence
