To Whom It May Concern:

It is with confidence and high regard that I recommend Christina Lopez as an addition to your team.

I was Christina's acting supervisor at Inter-State Studio & Publishing Company for the tenure of her employment. She was with our Marketing department from April 9th, 2018 to March 12th, 2019. During this time she was responsible for multiple projects of various complexity and importance.

Christina's background in animation and the use of After Effects was a tremendous asset to our company. She was the key person involved in the creation of new animated products for Inter-State Studio. Her design sense, attention to detail and ability to train other team members was crucial to making these new products a reality and also a success. Her animation skills also allowed us to explore new social media advertising opportunities. Christina was responsible for creating videos and animations for multiple campaigns used on Inter-State's website, Facebook and other social media platforms

Christina was also a great addition to our design team. She was exceedingly efficient with project management, adhering to concept deadlines and providing quality final products. She was always on time, ready to meet the challenges of day with a great attitude.

Christina's artistic abilities and great work ethic make her a talented and dependable candidate for your consideration.

Sincerely,
