

## Wedding Pricing

We have a simple pricing plan for your wedding day. Our fees are \$1850, which covers pre-wedding activities, the ceremony and reception. You select one image for a 11x14 print and then it's your choice; a flash drive with original images including 20 edited images, or a 10x10 wedding album, or \$400 in prints from our Wedding Print Collections.

If you are still looking for a different option, call us and we can discuss building a custom package for your wedding. We understand that one price will not fit everyone's wedding plan since each wedding is unique.

Emergency services and military should contact us for special pricing.

### **Additional items can be purchased separately:**
