Please Note:

All rates are out-of-network (OON). Second opinion sessions include focused evaluation and review of prior records. ADHD testing includes both the session and a detailed written report. Rates reflect provider expertise and hierarchy within the practice. No 45-minute follow-ups are offered to keep scheduling and pricing streamlined. Any other professional services not named above that require longer than 10 minutes such as report/letter writing, legal testimony, coordination of care with family members or external providers, or other services will be charged at the servicing provider's hourly rate.
