DIY GALLERY WALL

what you need:

Artwork, Pencil, Paper, Scissors, Painters Tape, Hammer Nails, Ruler, Command strips.

Step 1: Research gallery wall styles and choose a template that works for your space.

Step 2: Gather your artwork, wall decor, and frames to match the selected template.

Step 3: Trim, outline and trace each frame onto parchment paper sheets, and cut out each shape.

Step 4: Arrange your cutouts on the wall and inspect the layout to ensure all spacing and alignment is correct and even. This is your window of opportunity to get creative with the design and make it your own!

Step 5: Secure the parchment to the wall with a flat thumbtack or painter's tape to hold in place.

Step 6: Hold each frame over the parchment, secure it to the wall, and then tear out the paper from underneath.

Step 7: Take a look at your creation and breathe in all the inspiration from your new gallery wall!
