WHAT SCHOOLS ARE SAYING

We had a fantastic time on school camp with the PSSS. The instructing staff were endlessly enthusiastic, professional, and supportive of our students in their lessons and catered successfully for a range of abilities and experience in the water. Both the learn to Surf and Stand-up Paddle boarding activities were conducted in pristine, beautiful beaches with us having the spots practically all to ourselves. I couldn't imagine a better way to spend a morning or afternoon. Greatly looking forward to my next session with PSSS.

Hunter Valley Grammar School

We have been using Port Stephens Surf School for our Year 8 camps since 2018. Luke and his team are a delight to deal with in all aspects of the camp. They have a clear commitment to safety and ensuring that all students develop confidence despite their initial skill level. Nothing is too much trouble, and the team are constantly offering ideas and suggestions to improve the camp with new experiences each year. Surf Camp is one of the highlights of our outdoor education program and this is largely due to our partnership with Port Stephens Surf School.
