

HEALING DIETS COACH *Diploma Course*

Course Description

Our comprehensive Healing Diets Online Diploma Course takes you on an inspirational and experiential journey through the art and science of 'food as medicine.'

Each lesson covers a facet of healing diets in-depth, and creative, experiential and research based assignments help students to integrate this knowledge for effective practice and personal self healing.

The course curriculum includes cleansing and health building, transition diets, food for different life phases, a deep study of nutrients and their health benefits, organ and system cleanses, support for detox symptoms, food choices and the environment, and the politics of the food industry.

Studies are personally mentored by school tutors Bonny Casel and Alexandra Axe, who guide students as they develop consultation skills and lay the foundation for their healing diets practice.

School Philosophy

School of Natural Medicine was founded in 2007 on the principles of pure Naturopathy, which incorporates a holistic approach to the treatment and prevention of mind-body imbalances that lead to disease.

We seek to educate students in an authentic system of natural medicine that can be traced to the teachings of Stoicism in ancient Greece, and that was incorporated into a system of medicine by Hippocrates, widely regarded as the father of modern medicine.

The first principle of Natural Medicine, as stated in the Hippocratic Oath, is 'Do No Harm.'

This core foundation is integrated with advances in the fields of nutrition, psychoneuroimmunology, heart-brain coherence, epigenetics, phytochemical research, and holistic anatomy and physiology.

Our Natural Physician Diploma program is in alignment with the World Health Organisation definition and guidelines for Naturopaths; a definition that was created through the contributions of more than 274 reviewers, including experts and national authorities, as well as professionals and non-governmental agencies.

Naturopathy is a profession that is practiced throughout the world, with Eastern and Western Europe, Scandinavia, Australia, New Zealand, South Africa, Canada, Russia, India and the United States having the highest numbers of practicing naturopaths.

Naturopathy is classified as a traditional medicine and has evolved, since ancient times, as a deeply rooted part of European natural medicinal systems.

From Europe, Naturopathy has found its way, with the founding fathers of the United States and the Commonwealth, to all parts of the world settled by those of European descent.

Naturopathy is a discipline of accumulated knowledge of effective natural therapies, diet, herbs and lifestyle in practice, and does not have a single originator. It is a part of our heritage.

We invite you to join us on one of our certification or diploma courses, and begin your journey toward creating a life out of what you love!
