

A photograph of a table set for an event. In the foreground, there is a silver tray with several champagne flutes filled with bubbly. To the right, there are two glasses of a light-colored beverage with lime and mint. In the background, there are stacks of white plates and a platter of appetizers. The overall scene is bright and festive.

Kind Words

"Regardless of the underlying reason for your event - perhaps it's a wedding, awards banquet, or some other gathering - trust that Mrs. Verdon's attention to detail, orchestration, access to the area's leading vendors and venues, and her overall goal to deliver the highest level of satisfaction guarantees that your event will be successful!" - JEREMY W.

"I have had the distinct pleasure of working with Jennifer Verdon on a handful of fundraisers over the past few years. Jennifer took every measure to ensure our events were well organized, properly scheduled and ran true to our timeframe. After putting on 20 to 30 events for Lodi events and fundraisers annually and independently, I learned that you really can't put a monetary amount to a job well done by a consummate professional. With Jennifer's execution, our events raised \$75-\$100k+, and I vowed to never run another event purely run solely by staff. " - SUZANNE L.
