HEYYYY, I'M JENNA!

I'm a wedding & lifestyle photographer based out of Dayton, OH. I typically stay around here, but will travel to surrounding areas. Being a photographer has been my full-time job now for 3+ years. I went to college and received my Bachelor's in Speech-Language Pathology. Once I graduated, I started teaching while still doing photography part-time. I decided that I wanted to dedicate my time and give full attention to my clients so I stopped teaching. It was a hard decision, but I couldn't be happier waking up and getting to do what I love every single day!

I love my job 95% because of all the friendships I have made over the years and a hard 5% because of the desert table at weddings, hehe. From watching brides get ready in the morning and taking their first sip of coffee to a groom lacing up his shoes to see his bride for the first time for their first look. I get to see family members loving on one another and crying during dances. I get to document you shoving cake into each another's faces and twerking to Cardi B on the dance floor like it's the best night ever.... because it is!

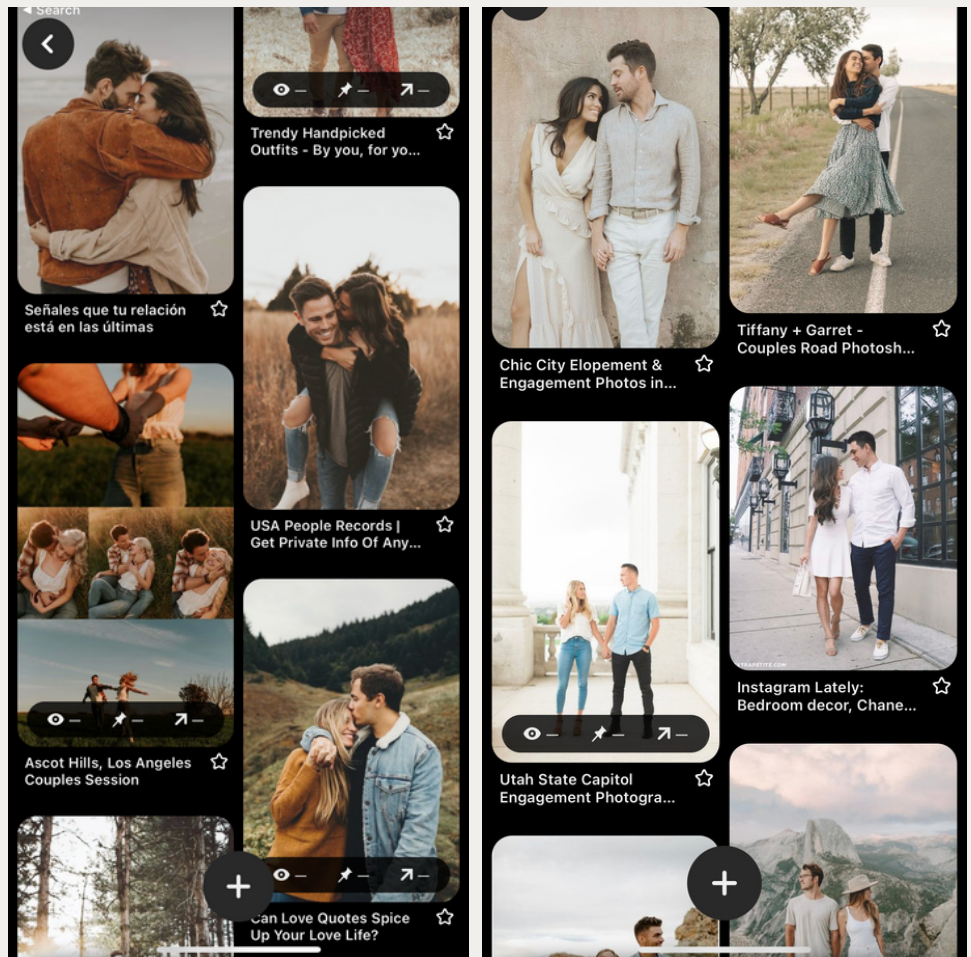

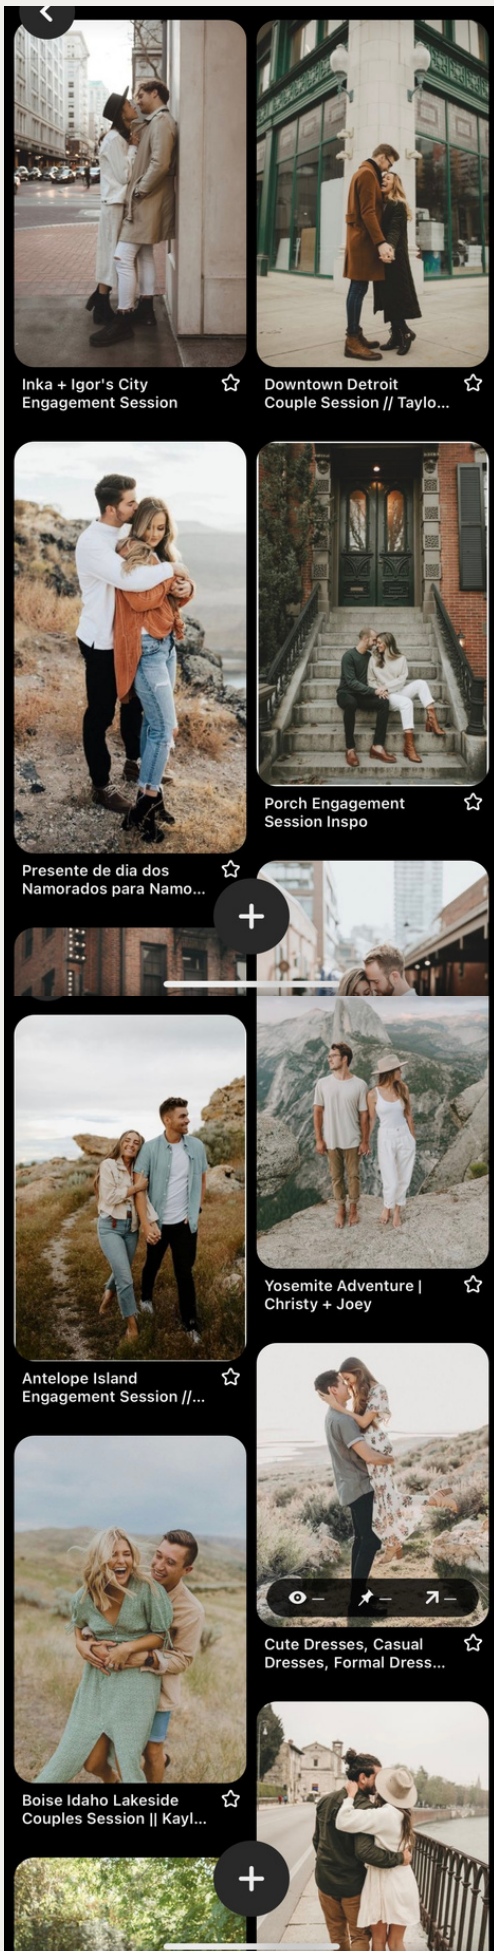

Turning the little moments into big memories is what I do and I am so incredibly thankful for all of my couples that ask me to be a part of their special day.

INSPO + DETAILS

Elevate your session by choosing a bomb wardrobe...it matters!

Keep your look on point by using this Pinterest inspo I have gathered for you! It's helpful to get a visual to see the vibes of the session tones, feels, and colors that shoot really well with my style/lighting/location selection! These are just for inspo so feel free to wear what makes you feel most comfortable!

Here are some things to stay away from so that you can have timeless photos:

- Any large logos on the front of shirt.
- Neon or super bright colors.
- Patterns are ok as long as it's not super busy

INSPO + DETAILS CONT.

Details:

1. Please be on time! Being prompt (try for 5 minutes early) will make the session go much smoother. If I get behind in one session it will affect the rest and I want to be able to chat with all of you!
2. If you get to your session early and I am still with another client please wait until I am finished up before heading up to me! Want to respect everyone's time equally!

Notes for your session:

I will remind you at the beginning of our shoot, but I'll tell you again now so you have an idea of what to expect for our session!

Every session starts out with some movement - you and your significant other/family walking. This helps get some jitters out of the way. I shoot mainly candid so this is a great opportunity for some of those shots as well. If you have a big family or small kiddos, I try to be quick with getting posed shots before they lose patience!

If you do have a kiddo, the session will go wayyy smoother and I'll be able to get their cute personality if you don't consistently remind them to look at the camera and smile. The goal is to be as natural as possible and I will be sure to guide those moments!

Most importantly, do not stress. Stressing makes the session not as fun for everyone. Try to relax and just enjoy the time together! I do have some couples who will have a beverage before their engagement session to chill out a bit and also make a date of the evening!

DETAILS CONT.

Location:

I will pick your location for you! I do not travel for sessions unless we have talked well in advance. The reason for this is because it takes time to travel, which is less time that I am able to have doing other sessions. During busy seasons this is hard as I typically have shoots back to back.

Location will also depend on the time of year. If you book your session a few months in advance- I will wait to choose exact location once we get a bit closer so I can see what looks prettiest!

Weather:

As we all know, Ohio weather is all over the place. :) If it isn't raining, storming, hailing, or below freezing we shall proceed! Wind is ok for some sessions, but I will decide if I feel it will be an issue. I shoot mainly candid and a fast shutter does wonders! If we have to reschedule it will be the night before your session no earlier because again, Ohio weather changes hourly, haha!

Cancellations:

If you have to cancel your session, please let me know as soon as possible so that I can adjust accordingly. I do **not** do refunds, but I do reschedule. If rescheduling is needed, it must be scheduled within a year of the original date. The new date will be one that works for both of our schedules. Wait times may be longer depending on time of year as I schedule sessions well in advance.
